TW Index Volumes 1 and 2 Combined Aug 25 2020

TW Index is a complete and detailed index of everything that has appeared in the SDC Turning Wheels magazine since its inception in 1972. Of greatest importance are the advice items that are indexed by subject (engines,

brakes, steering, etc.), model AND year including all individual letters that appear in the Co-Operator column. Historical items are also indexed by subject as well as by the vehicle (model and year) they relate to. If you own, for instance, a 1959 Hawk, TW Index will give you instant access to everything that has been published about your car and much more. Each listing, of course, refers you to the specific issue of "Turning Wheels" and cites the page on which the item begins. Rated "excellent" by Fred Fox and Bob Palma. Volume 1 of Turning Wheels Index includes issues of Turning Wheels from 1972 through 1992 with 10,711 references on 159 pages. Volume 2 includes 1993 through 2009 with 9,995 references on 158 pages.

Classic Speedsters Sep 18 2022 Classic Speedsters: The Cars, The Times, and The Characters Who Drove Them chronicles the most significant vehicles ever to have traveled American roads and racetracks. Speedsters were the pizzazz cars of their era. Speedsters were owned by entertainers, captains of industry, the wealthy, and in some cases, the everyday guy or gal. They were often expensive, but always fast and sexy. Speedsters were America's first sports cars. Each chapter frames the birth and evolution of a company that produced a speedster model in its lineup and includes a biography of a famous owner of the period. This book traces the journey of the speedster concept across several time

periods and among twelve automotive companies. It answers three fundamental questions: Why were these cars so important and influential? Why did so many prominent people own them? What message do they have for modern design?
