else, however, is

slightly different. Both obsessive, eccentric personalities, Aldo Damiani and Charlotte Regan struggle to be without each other from the moment they meet. The truth - that he is a clinically depressed, anti-social theoretician and she is a manipulative liar with a history of self-sabotage - means the deeper they fall in love, the more troubling their reliance on each other becomes. Alone with you in the Ether, is a glimpse into the nature of love, what it means to be unwell, and how to face the fractures of yourself and still love as if you're not broken. When they

face the most baffling missing person's case of their careers, a fiercely ambitious lawyer and a homicide detective have no one to turn to for help except each other, from New York Times bestselling author Laura Griffin. Up-and-coming attorney Leigh Larson fights for victims of sexual extortion, harassment, and online abuse. She is not afraid to go after the sleaziest targets to get payback for her clients. Leigh is laser-focused on her career—to the exclusion of everything else—until a seemingly routine case and a determined cop turn her world

upside down. Austin homicide detective Brandon Reynolds is no stranger to midnight callouts. But when he gets summoned to an abandoned car on a desolate road, he quickly realizes he's dealing with an unusual crime scene. A pool of blood in the nearby woods suggests a brutal homicide. But where is the victim? The vehicle is registered to twenty-six-year-old Vanessa Adams. Searching the car, all Brandon finds is a smear of blood and a business card for Leigh Larson, attorney-at-law. Vanessa had hired Leigh just before her disappearance, but Leigh has no leads on who could have wanted her dead. Faced with

bewildering evidence and shocking twists, Leigh and Brandon must work against the clock to chase down a ruthless criminal who is out for vengeance. Passionate, strong-minded nonfiction from the National Book Award-winning author of *The Corrections* Jonathan Franzen's *The Corrections* was the best-loved and most-written-about novel of 2001. Nearly every in-depth review of it discussed what became known as "The Harper's Essay," Franzen's controversial 1996 investigation of the fate of the American novel. This essay is reprinted for the first time in *How to be Alone*, along

with the personal essays and the dead-on reportage that earned Franzen a wide readership before the success of *The Corrections*. Although his subjects range from the sex-advice industry to the way a supermax prison works, each piece wrestles with familiar themes of Franzen's writing: the erosion of civic life and private dignity and the hidden persistence of loneliness in postmodern, imperial America. Recent pieces include a moving essay on his father's struggle with Alzheimer's disease (which has already been reprinted around the world) and a rueful account of

Franzen's brief tenure as an Oprah Winfrey author. As a collection, these essays record what Franzen calls "a movement away from an angry and frightened isolation toward an acceptance--even a celebration--of being a reader and a writer." At the same time they show the wry distrust of the claims of technology and psychology, the love-hate relationship with consumerism, and the subversive belief in the tragic shape of the individual life that help make Franzen one of our sharpest, toughest, and most entertaining social critics. In 1755, in the Blue Mountains of Pennsylvania,

sisters Barbara and Regina Leininger are carried away from their family by Allegheny warriors, but hold onto their faith in God and belief that they will one day be reunited. An updated look for the classic YA thriller from genre heavyweight Richard Peck. Sixteen-year-old Gail is living the upper-class suburban life when she begins receiving terrifying phone calls and notes in her locker. And the calls keep coming. When she's attacked by the town's golden boy everyone refuses to take action against him and his powerful family. A frightening drama that deals with heavy teen issues

and the idea of justice (or lack thereof) from bestselling author Richard Peck. You have no idea the results of your actions, but if you take no action, there will be no results. Imagine that you will have the opportunity to improve two lives by one simple action. Your own attitude and outlook on life can instantly change because the miracle is that you cannot help someone else without helping yourself as well. In #1 New York Times bestseller Kelley Armstrong's latest thriller, the hidden town of Rockton is about to face a challenge none of them saw coming: a baby. Every season in Rockton seems to

bring a new challenge. At least that's what Detective Casey Duncan has felt since she decided to call this place home. Between all the secretive residents, the sometimes-hostile settlers outside, and the surrounding wilderness, there's always something to worry about. While on a much needed camping vacation with her boyfriend, Sheriff Eric Dalton, Casey hears a baby crying in the woods. The sound leads them to a tragic scene: a woman buried under the snow, murdered, a baby still alive in her arms. A town that doesn't let anyone in under the age of eighteen, Rockton

must take care of its youngest resident yet while solving another murder and finding out where the baby came from - and whether she's better off where she is. #1 New York Times bestselling author Kelley Armstrong again delivers an engaging, tense thriller set in perhaps the most interesting town in all of contemporary crime fiction. In Kristin Hannah's *The Great Alone*, a desperate family seeks a new beginning in the near-isolated wilderness of Alaska only to find that their unpredictable environment is less threatening than the erratic behavior found in human

nature. #1 New York Times Instant Bestseller (February 2018) *A People "Book of the Week"* BuzzFeed's "Most Anticipated Women's Fiction Reads of 2018" Seattle Times's "Books to Look Forward to in 2018" Alaska, 1974. Ernt Allbright came home from the Vietnam War a changed and volatile man. When he loses yet another job, he makes the impulsive decision to move his wife and daughter north where they will live off the grid in America's last true frontier. Cora will do anything for the man she loves, even if means following him into the unknown. Thirteen-year-old Leni, caught in the

riptide of her parents' passionate, stormy relationship, has little choice but to go along, daring to hope this new land promises her family a better future. In a wild, remote corner of Alaska, the Allbrights find a fiercely independent community of strong men and even stronger women. The long, sunlit days and the generosity of the locals make up for the newcomers' lack of preparation and dwindling resources. But as winter approaches and darkness descends, Ernt's fragile mental state deteriorates. Soon the perils outside pale in comparison to threats from within. In their

small cabin, covered in snow, blanketed in eighteen hours of night, Leni and her mother learn the terrible truth: they are on their own. When a young girl helps tend to her grandmother's garden, she begins to notice things that make her curious. Why does her grandmother have long, braided hair and beautifully coloured clothing? Why does she speak another language and spend so much time with her family? As she asks her grandmother about these things, she is told about life in a residential school a long time ago, where all of these things were taken away. When *We Were Alone* is a story about a

difficult time in history, and, ultimately, one of empowerment and strength. Also available in a bilingual Swampy Cree/English edition. When *We Were Alone* won the 2017 Governor General's Literary Award in the Young People's Literature (Illustrated Books) category, and was nominated for the TD Canadian's Children's Literature Award. A twelve-year-old kid in the audience raised his hand and asked, 'Aren't you afraid you're gonna die?' Without missing a beat, Alex shot back, 'We've all gotta die sometimes. You might as well go big.' Alex Honnold is 28 years old, and perhaps the world's

best 'free solo' climber. When Alex performs one of his long free solos, the severity of which no one else has yet dared to attempt, he does away altogether with ropes, with a partner to catch his fall, with support of any kind (neither bolts, pitons, nuts or cams). There is a purity to Alex's climbs that is easy to comprehend, but impossible to fathom; in the last forty years, only a handful of climbers have pushed 'free soloing' to the razor edge of risk. Half of them are dead. From the northwest face of Yosemite's famous Half Dome, to the frighteningly difficult El Sendero Luminoso in Mexico, *Alone on the Wall* is

structured around Alex's seven most extraordinary climbing achievements so far. These are tales to make your palms sweat and your feet curl with vertigo, told by a smart, likeable climbing visionary who, as Jon Krakauer says, is 'utterly genuine. There's no bullshit there.' But these stories also get to the heart of how - and why - Alex does what he does. Exciting, uplifting and truly awe-inspiring, *Alone on the Wall* is a book about the essential truths of risk and reward, and the ability to maintain a singular focus, even in the face of extreme danger. Since its debut on YouTube, Tanya Davis's beautiful

and perceptive poem "How to Be Alone," visually realized by artist and filmmaker Andrea Dorfman, has become an international sensation. In this edition of *How to Be Alone*, they have adapted the poem and its compelling illustrations for the page in a beautiful, meditative volume—a keepsake to treasure and to share. From a solitary walk in the woods to sitting unaccompanied on a city park bench to eating a meal and even dancing alone, *How to Be Alone*, reveals the possibilities and joys waiting to be discovered when we engage in activities on our own. As she soothes

the disquietude that accompanies the fear of aloneness, and celebrates the power of solitude to change how we see ourselves and the world, Tanya reveals how, removed from the noise and distractions of other lives, we can find acceptance and grace within. For those who have never been by themselves or those who embrace being on their own, *How to Be Alone* encourages us to recognize and embrace the possibilities of being alone—and reminds us of a universe of joy, peace, and discovery waiting to unfold. Elizabeth Haynes' new psychological thriller is a

brilliantly suspenseful and shocking story in which nothing is at stake, but everything is at stake. Sarah Carpenter lives in an isolated farmhouse in North Yorkshire and for the first time, after the death of her husband some years ago and her children, Louis and Kitty, leaving for university, she's living alone. But she doesn't consider herself lonely. She has two dogs, a wide network of friends and the support of her best friend, Sophie. When an old acquaintance, Aiden Beck, needs somewhere to stay for a while, Sarah's cottage seems ideal; and renewing her relationship

with Aiden gives her a reason to smile again. It's supposed to be temporary, but not everyone is comfortable with the arrangement: her children are wary of his motives, and Will Brewer, an old friend of her son's, seems to have taken it upon himself to check up on Sarah at every opportunity. Even Sophie has grown remote and distant. After Sophie disappears, it's clear she hasn't been entirely honest with anyone, including Will, who seems more concerned for Sarah's safety than anyone else. As the weather closes in, events take a dramatic turn and Kitty too goes missing. Suddenly

Sarah finds herself in terrible danger, unsure of who she can still trust. But she isn't facing this alone; she has Aiden, and Aiden offers the protection that Sarah needs. Doesn't he? Jesse is alone. His friends are gone. His supplies are gone. And the chasers, the zombies, are getting bolder. So when he starts to see signs of life, of other humans, he can't believe his luck. But in post-apocalyptic New York, the only thing more dangerous than the chasers, are the survivors. Discover the beautiful stories of Michael Morpurgo, author of *Warhorse* and the nation's favourite storyteller. How far

would you go to find yourself? The lyrical, life-affirming new novel from the bestselling author of *Private Peaceful* "In 1974, a former Vietnam POW, suffering from flashbacks and nightmares, moves his family to Alaska to live off the grid in an attempt to find peace, restoration, and freedom. They will also face dangers, both internally and externally, as they face the ultimate test of the human spirit"-- This must-read for lovers of Stephen King's *The Shining* will leave readers breathless as Seda and her family find themselves at the mercy of a murderer in an isolated and snowbound hotel.

Get ready for what Kirkus calls "A bloody, wonderfully creepy scare ride." When her mom inherits an old, crumbling mansion, Seda's almost excited to spend the summer there. The grounds are beautiful and it's fun to explore the sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the

darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality... The greatest haunted house story ever written, the inspiration for a 10-part Netflix series directed by Mike Flanagan and starring Michiel Huisman, Carla Gugino, and Timothy Hutton First published in 1959, Shirley Jackson's *The Haunting of Hill House* has been

hailed as a perfect work of unnerving terror. It is the story of four seekers who arrive at a notoriously unfriendly pile called Hill House: Dr. Montague, an occult scholar looking for solid evidence of a “haunting”; Theodora, his lighthearted assistant; Eleanor, a friendless, fragile young woman well acquainted with poltergeists; and Luke, the future heir of Hill House. At first, their stay seems destined to be merely a spooky encounter with inexplicable phenomena. But Hill House is gathering its powers—and soon it will choose one of them to make its own. For more than

seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. When a smooth operator attacks one of Sienna's friends, she is drawn into a scheme of terror

run by one Fortune Renard. Smooth and debonair, Renard seems to be everything Sienna has been lacking in her life. Except the whole supervillain thing. She's had plenty of those cross her path. But everything is not as it seems with Renard, and with every turn and escalation of his plan, Sienna is left wondering - is Renard a villain? An ally? Or is he after something else entirely? Something, like, say...Sienna herself. At home alone with the chicken pox, young Alex must outwit four mobsters who are after the secret microchip he found, and he thwarts them with a series of amazing booby

traps. A “must-read” (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, “Why has everyone found love except me?” You’re not the only one. Great relationships don’t just appear in our lives—they’re the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research,

behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn’t lead to results. You have to actually change your behavior. Ury shows you how. This “simple-to-use guide” (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You’ll learn: -What’s holding you back in dating (and how to break the pattern) - What really matters in a long-term partner (and what

really doesn’t) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) - How to make dates fun again (so they stop feeling like job interviews) -Why “the spark” is a myth (but you’ll find love anyway) This “data-driven” (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams. A 2017 Caldecott Honor Book that The New York Times calls “both classic and

ultracontemporary, "Leave Me Alone!" is an epic tale about one grandmother, a giant sack of yarn, and her ultimate quest to finish her knitting. One day, a grandmother shouts, "LEAVE ME ALONE!" and leaves her tiny home and her very big family to journey to the moon and beyond to find peace and quiet to finish her knitting. Along the way, she encounters ravenous bears, obnoxious goats, and even hordes of aliens! But nothing stops grandma from accomplishing her goal—knitting sweaters for her many grandchildren to keep them warm and toasty for the coming winter. Vera Brosgol's slyly clever and

unexpectedly funny modern folktale is certain to warm even the coldest of hearts. Are we alone in the universe? Surely amidst the immensity of the cosmos there must be other intelligent life out there. Don't be so sure, says John Gribbin, one of today's best popular science writers. In this fascinating and intriguing new

book, Gribbin argues that the very existence of intelligent life anywhere in the cosmos is, from an astrophysicist's point of view, a miracle. So why is there life on Earth and (seemingly) nowhere else? What happened to make this planet special? Taking us back some 600 million years, Gribbin lets you experience the series of unique cosmic events that were responsible for our unique form of life within the Milky Way Galaxy. Written by one of our foremost popular science writers, author of the bestselling *In Search of Schrödinger's Cat* Offers a bold answer to the eternal question,

""Are we alone in the universe?""
Explores how the impact of a ""supercomet"" with Venus 600 million years ago created our moon, and along with it, the perfect conditions for life on Earth From one of our most talented science writers, this book is a daring, fascinating exploration into the dawning of the universe, cosmic collisions and their consequences, and the uniqueness of life on Earth. In her first novel since winning the Newbery Medal for *When You Trap a Tiger*, Tae Keller offers a gripping and emotional story about friendship, bullying, and the possibility that there's more in the

universe than just us. Sometimes middle school can make you feel like you're totally alone in the universe...but what if we aren't alone at all? Thanks to her best friend, Reagan, Mallory Moss knows the rules of middle school. The most important one? You have to fit in to survive. But then Jennifer Chan moves in across the street, and that rule doesn't seem to apply. Jennifer doesn't care about the laws of middle school, or the laws of the universe. She believes in aliens—and she thinks she can find them. Then Jennifer goes missing. Using clues from Jennifer's journals, Mallory goes searching. But the

closer she gets, the more Mallory has to confront why Jennifer might have run . . . and face the truth within herself. Tae Keller lights up the sky with this insightful story about shifting friendships, right and wrong, and the power we all hold to influence and change one another. No one is ever truly alone. In the final installment of an exhilarating sci-fi adventure trilogy in the vein of *The Hunger Games*, *Divergent*, and *Red Rising*, Scott Sigler's unforgettable heroine, Em Savage, must come to grips once and for all with the perilous mysteries of her own existence. "We thought this place

was our destiny—not our doom.” Pawns in a millennia-old struggle, the young people known only as the Birthday Children were genetically engineered to survive on the planet Omeyocan—but they were never meant to live there. They were made to be “overwritten,” their minds wiped and replaced by the consciousnesses of the monsters who created them. Em changed all of that. She unified her people and led a revolt against their creators. Em and her friends escaped an ancient ghost ship and fled to Omeyocan. They thought they would find an uninhabited paradise. Instead,

they found the ruins of a massive city long since swallowed by the jungle. And they weren’t alone. The Birthday Children fought for survival against the elements, jungle wildlife, the “Grownups” who created them . . . and, as evil corrupted their numbers, even against themselves. With these opponents finally defeated, Em and her people realized that more threats were coming, traveling from across the universe to lay claim to their planet. The Birthday Children have prepared as best they can against this alien armada. Now, as the first ships reach orbit around

Omeyocan, the final battle for the planet begins. Praise for Alone “Another Scott Sigler masterpiece . . . thrills on every page, shocking turns, vulnerable and powerful characters, heartbreak, and battles.”—Amy Braun, award-winning author of the Dark Sky series “Thrilling . . . an incredible end to an incredible series.”—Bingeing on Books Praise for Scott Sigler’s Alive “Suspenseful . . . Savage is one hell of a heroine. Get ready to be left breathless.”—Kristin Cast, New York Times bestselling author of the House of Night series “Sigler has created a wonderful and engrossing character in M. Savage. Strong and smart, but with the naïveté and misgivings of any teenage girl, she’s someone you’ll definitely want on your side when s**t

hits the fan, which it most certainly does.”—Veronica Belmont, host of Sword & Laser “The puzzle unfolds masterfully, right down to the last page.”—Phil Plait, PhD, author of Bad Astronomy It’s the end of the world as we know it... Someday soon, you might wake up to the call to prayer from a muezzin. Europeans already are. And liberals will still tell you that “diversity is our strength”—while Talibanic enforcers cruise Greenwich Village burning books and barber shops, the Supreme Court decides sharia law doesn’t violate the “separation of church and state,” and the Hollywood Left decides to give

up on gay rights in favor of the much safer charms of polygamy. If you think this can’t happen, you haven’t been paying attention, as the hilarious, provocative, and brilliant Mark Steyn—the most popular conservative columnist in the English-speaking world—shows to devastating effect. The future, as Steyn shows, belongs to the fecund and the confident. And the Islamists are both, while the West is looking ever more like the ruins of a civilization. But America can survive, prosper, and defend its freedom only if it continues to believe in itself, in the sturdier virtues of

self-reliance (not government), in the centrality of family, and in the conviction that our country really is the world's last best hope. Mark Steyn's *America Alone* is laugh-out-loud funny--but it will also change the way you look at the world. *Some Girls Survive on Their Sorcery Alone* works between the worlds of ode and elegy to document the consequences and precious narratives held inside of the black girl body.--Provided by publisher. In the tradition of *In Cold Blood*, *The Executioner's Song*, and *A Civil Action*, Suzanne O'Malley exposes the human mystery of the most horrifying crime in recent history and

the legal drama surrounding it. As a journalist, Suzanne O'Malley began covering the murders of Noah, John, Paul, Luke, and Mary Yates hours after their mother, Andrea Yates, drowned them in their suburban Houston home in June 2001. Over twenty-four months, O'Malley interviewed or witnessed the sworn testimony of more than a hundred participants in this drama, including Yates herself; her husband, Rusty Yates; their families; attorneys; the personnel of the Harris County district attorney's and sheriff's offices; medical staff; friends; acquaintances; and

expert witnesses. O'Malley argues persuasively that under less extraordinary circumstances, a mentally ill woman would have been quietly offered a plea bargain and sent to an institution under court supervision. But on March 12, 2002, Andrea Yates was found guilty of the murders of three of her five children. She is currently serving a life sentence and will not be eligible for parole until 2041. O'Malley's exclusive personal communications with Andrea Yates and her interviews with Rusty Yates allow her to offer fully realized portrayals of people at the center of this horrifying case. In

"Are You There Alone?" O'Malley makes a critical contribution to our understanding of mental health issues within the criminal justice system. From the author of *The Disaster Days* comes a thrilling survival story, and lost in the woods children's book, about two former best friends who must work together to stay alive after getting lost in a remote national forest. Jocelyn and Alex have always been best friends...until they aren't. Jocelyn's not sure what happened, but she hopes the annual joint-family vacation in the isolated north woods will be the perfect spot to

rekindle their friendship. But Alex still isn't herself when they get to the cabin. And Jocelyn reaches a breaking point during a rafting trip that goes horribly wrong. When the girls' tube tears it leaves them stranded and alone. And before they know it, the two are hopelessly lost. Wearing swimsuits and water shoes and with only the contents of their wet backpack, the girls face threats from the elements. And as they spend days and nights lost in the wilderness, they'll have to overcome their fractured friendship to make it out of the woods alive. Praise for *The Disaster Days*: "A realistic,

refreshingly not didactic) teaching tool on natural-disaster preparedness."—Booklist "The relentless progression of a variety of disaster scenarios will keep readers turning pages...equally suspenseful and informative."—School Library Connection "Behrens uses immersive details and situations effectively viewed from Hannah's perspective to create a suspenseful, vivid story filled with lessons about responsibility and overcoming adversity."—Publishers Weekly *Alone in the Woods* is a perfect... gift for preteen survival story fans summer

reading tween book for girls 11-14 book for middle school girls Shows how changes in work, family structure, women's roles, and other factors have caused people to become increasingly disconnected from family, friends, neighbors, and democratic structures--and how they may reconnect. Perfect for fans of *Hatchet* and the *I Survived* series, this harrowing middle grade debut novel--in-verse from a Pushcart Prize-nominated poet tells the story of a young girl who wakes up one day to find herself utterly alone in her small Colorado town. When twelve-year-old Maddie

hatches a scheme for a secret sleepover with her two best friends, she ends up waking up to a nightmare. She's alone--left behind in a town that has been mysteriously evacuated and abandoned. With no one to rely on, no power, and no working phone lines or internet access, Maddie slowly learns to survive on her own. Her only companions are a Rottweiler named George and all the books she can read. After a rough start, Maddie learns to trust her own ingenuity and invents clever ways to survive in a place that has been deserted and forgotten. As months pass, she escapes natural

disasters, looters, and wild animals. But Maddie's most formidable enemy is the crushing loneliness she faces every day. Can Maddie's stubborn will to survive carry her through the most frightening experience of her life? Travel writing, journalism and essays from more than ten years of exploring the Middle East. Compassionate, engaged and observant, Matthew Teller listens to people. In 27 stories from thirteen countries, he takes us from the heart of the region's biggest cities-Cairo, Riyadh, Dubai-to the furthest reaches of deserts and mountains in a quest for personal

connections and human understanding. Author and documentary-maker Teller carries us along with beautiful writing about unique people and places. Track the fabled Arabian oryx from the edge of extinction to a celebrated return to its natural habitats. Explore the legendary souks of pre-war Damascus and Aleppo on a Syrian food tour like no other. Climb the peaks of Iraqi Kurdistan to discover an ancient citadel reinventing itself for the 21st century. In Kuwait he meets a community pushed to the edge of society. In Jordan he spends time with a master winemaker. Teller

introduces marginalised communities of Egypt on a River Nile journey that breaks new ground, and hears from Qataris, Palestinians and Omanis who are pushing new cultural boundaries to bring change to their countries. Shay Miller wants to find love, but it eludes her. She wants to be fulfilled, but her job is a dead end. She wants to belong, but her life is increasingly lonely. Until Shay meets the Moore sisters. Cassandra and Jane live a life of glamorous perfection, and always get what they desire. When they invite Shay into their circle, everything seems to

get better. Shay would die for them to like her. She may have to. When Liv Thorne was in her twenties, and single, she would joke to friends that if Mr Right didn't come along she'd have to take matters into her own hands and have a child on her own. When she was still single in her thirties, it stopped being a joke and she started researching sperm banks and fertility clinics. Liv's Alone is an honest and hopeful memoir that captures the joy and the challenge that is parenting alone by choice. From dismantling the fairy tale story that we're fed from a young age and grieving the life you

thought you were going to have, to buying sperm from Denmark and bringing a baby into the world. Guiding readers through the highs and lows with warmth, humour and understanding, Liv wants her book to be a little beacon of optimism for women who are in the same position she was in; late 30s, single and longing for a baby. This is Liv & Herb's story, but hopefully a version of it will be yours. Winner of the 2020 Medici Prize for Foreign Novel From the award-winning author of the Man Booker Prize finalist Like a Fading Shadow, Antonio Muñoz Molina presents a flâneur-novel tracing the path of

a nameless wanderer as he walks the length of Manhattan, and his mind. De Quincey, Baudelaire, Poe, Joyce, Benjamin, Melville, Lorca, Whitman . . . walkers and city dwellers all, collagists and chroniclers, picking the detritus of their eras off the filthy streets and assembling it into something new, shocking, and beautiful. In *To Walk Alone in the Crowd*, Antonio Muñoz Molina emulates these classic inspirations, following their peregrinations and telling their stories in a book that is part memoir, part novel, part chronicle of urban wandering. A skilled collagist

himself, Muñoz Molina here assembles overheard conversations, subway ads, commercials blazing away on public screens, snatches from books hurriedly packed into bags or shoved under one's arm, mundane anxieties, and the occasional true flash of insight—struggling to announce itself amid this barrage of data—into a poem of contemporary life: an invitation to let oneself be carried along by the sheer energy of the digital metropolis. A denunciation of the harsh noise of capitalism, of the conversion of everything into either merchandise

or garbage (or both), *To Walk Alone in the Crowd* is also a celebration of the beauty and variety of our world, of the ecological and aesthetic gaze that can, even now, recycle waste into art, and provide an opportunity for rebirth. From bestselling author Rachel Vincent comes a gripping and heartfelt story about a girl faced with a shocking revelation when her mom dies and she's forced to move in with her father's "real" family. Michaela is a junior in high school, living with her single mom. Her dad lives a few towns away and she only sees him on holidays and birthdays. They

barely know each other, but Michaela is so close with her mom that she's never minded. That is, until her mom dies suddenly, and Michaela has to move in with her dad . . . who reveals he's been married with kids all this time and she's the product of an affair. Before she can even grieve her mother, Michaela is thrust into a strange house with a stepmom and three half siblings. Including her new sister Emery, who is less than thrilled at the prospect of sharing her room. Especially when they both try out for the school musical and Emery's theater star ex-boyfriend suddenly seems interested in Michaela. Can

Michaela find a way to make a home with a family who didn't ask for her in the first place? "For years [Andrew's] worked a thankless public health job, searching for the next of kin of those who die alone. Luckily, he goes home to a loving family every night. At least, that's what his coworkers believe ... A misunderstanding has left Andrew trapped in his own white lie and his lonely apartment. When new employee Peggy breezes into the office like a breath of fresh air, she makes Andrew feel truly alive for the first time in decades"--Dust jacket flap. With eye-opening statistics, original

data, and vivid portraits of people who live alone, renowned sociologist Eric Klinenberg upends conventional wisdom to deliver the definitive take on how the rise of going solo is transforming the American experience. Klinenberg shows that most single dwellers—whether in their twenties or eighties—are deeply engaged in social and civic life. There's even evidence that people who live alone enjoy better mental health and have more environmentally sustainable lifestyles. Drawing on more than three hundred in-depth interviews, Klinenberg presents

a revelatory examination of the most significant demographic shift since the baby boom and offers surprising insights on the benefits of this epochal change. An award-winning journalists "heart wrenching(The San Antonio Observer) look at children with parents in prison - a Newsweek "book of the week and an East Bay Express bestseller. In this "moving condemnation of the U.S. penal system and its effect on families (Parents Press), award-winning journalist Nell Bernstein takes an intimate look at parents and children - over two million of them -

torn apart by our current incarceration policy. Described as "meticulously reported and sensitively written by Salon, the book is "brimming with compelling case studies . . . and recommendations for change (Orlando Sentinel); Our Weekly Los Angeles calls it "a must-read for lawmakers as well as for lawbreakers. What do you stand for,when you're one of the last left standing? The year is 2072. Soon a volcanic eruption will trigger catastrophic devastation, and the only way out is up. While the world's leaders, scientists, and engineers oversee the frantic

production of a space fleet meant to save humankind, their children are brought in for a weekend of touring the Lazarus, a high-tech prototype spaceship. But when the apocalypse arrives months ahead of schedule, First Daughter Leigh Chen and a handful of teens from the tour are the only ones to escape the planet. This is the new world: a starship loaded with a catalog of human artifacts, a frozen menagerie of animal DNA, and fifty-three terrified survivors. From the panic arises a coalition of leaders, spearheaded by the pilot's enigmatic daughter, Eli, who takes the wheel in their hunt for a

habitable planet. But as isolation presses in, their uneasy peace begins to fracture. The struggle for control will mean the difference between survival and oblivion, and Leigh must decide whether to stand on the side of the mission or of her own humanity. With aching poignancy and tense, heart-in-your-mouth action, this enthralling saga will stay with readers long after the final page.
