Four sisters with very special abilities. An evil presence threatening to destroy them. Will their powerful bond be enough to save each other? *Sisters of Element* is the first book in a series about the Luna sisters, four Mexican American young women living in present-day Percival Falls, Washington. Lina, Val, Zo, and Rory Luna have special abilities based on the elements: water, fire, air, and earth. Having lost their parents at an early age, the sisters have an unbreakable bond. When faced with a dark force that threatens their very existence, they don't hesitate to fiercely protect each other -- even if it means the ultimate sacrifice. Lina has it all -- her soulmate Gabriel, her dream job, and a close-knit relationship with her three younger sisters. But meeting her sister Val's new boyfriend triggers a series of nightmares leaving Lina frightened that something terrible is about to happen to her sister. Little does she know, she and her family are in even more danger than they could have imagined. Readers will go on a magical and mysterious journey with the Luna sisters. The characters will share their inner strength, their sacrifice, their resilience, and the power of sisterhood. At its heart, *Sisters of Element* is a story about unconditional love and how with it, you can overcome even the greatest obstacles. When Jesselynn Highwood discovers that her destination in Missouri

has been ravaged, she sets out on the Oregon Trail, while her "sister Louisa has taken on the daunting task of smuggling desperately needed supplies for the hospital in Richmond."--Cover. Monica Appleby and Helen Lewis reveal the largely untold story of women who stood up to the Church and joined Appalachians in their struggle for social justice. Their poignant story of how faith, compassion, and persistence overcame obstacles to progress in Appalachia is a fascinating example of how a collaborative and creative learning community fosters strong voices. *Mountain Sisters* is a prophetic first-person account of the history of American Catholicism, the war on poverty, and the influence of the turbulent 1960s on the cultural and religious communities of Appalachia. Founded in 1941, The Glenmary Sisters embraced a calling to serve rural Appalachian communities where few Catholics resided. The sisters, many of them seeking alternatives to the choices available to most women during this time, zealously pursued their duties but soon became frustrated with the rules and restrictions of the Church. Outmoded doctrine—even styles of dress—made it difficult for them to interact with the very people they hoped to help. In 1967, after many unsuccessful attempts to persuade the Church to ease its requirements, some seventy Sisters left the security of convent life. Over forty of these women formed a secular service group, FOCIS (Federation of Communities in Service). *Mountain Sisters* is their story. "SISTERS OF TREASON, the second novel by Elizabeth Fremantle, is a story of love, politics and tragedy. Beginning early in Mary Tudor's turbulent reign, *SISTERS OF TREASON* explores the lives of a pair of sisters as dangerously close to the throne as their sister

Lady Jane Grey, who died on the executioner's block at the age of 16, after being queen for nine days. After Jane's death, Lady Catherine becomes the focus of plots to thwart Mary Stuart's claim on England's throne. Catherine is a young woman driven by a compulsive and ultimately fatal desire to love and be loved. Clever Lady Mary is burdened with a crooked spine and a tiny stature in an age when physical perfection equates to goodness and vice versa. Both girls have inherited the Tudor blood that is more curse than blessing. It is court painter Levina Teerlinc who helps the girls survive Mary's reign, but when the Queen's sister, the hot-headed Elizabeth, inherits the crown, the world at court becomes increasingly treacherous for the Grey girls. For either girl to marry without the queen's permission would be a potentially fatal political act, perceived as a treasonous grab for the throne, but Elizabeth is unlikely to let either girl ally herself and become an even more dangerous focus for her enemies. Each young woman must decide how far she will go to defy her queen and find the safety and love she longs for"-- One of PopSugar's Best Books of June! The never-before-told story of six intrepid Kentucky nuns, their journey to build a hospital in the poorest state in India, and the Indian nurses whose lives would never be the same

New York Times editor Jyoti Thottam 's mother was part of an extraordinary group of Indian women. Born in 1946, a time when few women dared to leave their house without the protection of a man, she left home by herself at just fifteen years old and traveled to Bihar—an impoverished and isolated state in northern India that had been one of the bloodiest regions of Partition—in order to train to be a nurse under the tutelage of the determined and resourceful Appalachian nuns who ran Nazareth Hospital. Like Thottam 's mother 's journey, the hospital was a radical undertaking: it was run almost entirely by women, who insisted on giving the highest possible standard of care to everyone who walked through its doors, regardless of caste or religion. Fascinated by her mother 's story, Thottam set out to discover the full story of Nazareth Hospital, which had been established in 1947 by six nuns from Kentucky. With no knowledge of Hindi, and the awareness that they would likely never see their families again, the sisters had traveled to the small town of Mokama determined to live up to the pioneer spirit of their order, founded in the rough hills of the Kentucky frontier. A year later, they opened the doors of the hospital; soon they began taking in young Indian women as nursing students, offering them an opportunity that would change their lives. One of those women, of course, was Thottam 's mother. In *Sisters of Mokama*, Thottam draws upon

twenty years' worth of research to tell this inspiring story for the first time. She brings to life the hopes, struggles, and accomplishments of these ordinary women—both American and Indian—who succeeded against the odds during the tumult and trauma of the years after World War II and Partition. Pain and loss were everywhere for the women of that time, but the collapse of the old orders provided the women of Nazareth Hospital with an opening—a chance to create for themselves lives that would never have been possible otherwise. Inspired by real women, this powerful novel tells the story of two unconventional American sisters who volunteer at the front during World War I August 1914. While Europe enters a brutal conflict unlike any waged before, the Duncan household in

Baltimore, Maryland, is the setting for a different struggle. Ruth and Elise Duncan long to escape the roles that society, and their controlling father, demand they play. Together, the sisters volunteer for the war effort—Ruth as a nurse, Elise as a driver. Stationed at a makeshift hospital in Ypres, Belgium, Ruth soon confronts war ' s harshest lesson: not everyone can be saved. Rising above the appalling conditions, she seizes an opportunity to realize her dream to practice medicine as a doctor. Elise, an accomplished mechanic, finds purpose and an unexpected kinship within the all-female Ambulance Corps. Through bombings, heartache and loss, Ruth and Elise cherish an independence rarely granted to women, unaware that their greatest challenges are still to come. Illuminating the critical role women played in the Great War, this is a remarkable story of resilience, sacrifice and the bonds that can never be vanquished. This is the incredible story about the role of a particular group of religious women who came to Florida and Georgia immediately following the Civil War. This book relates the story of the Sisters of St. Joseph of St. Augustine, FL. These French Sisters came in 1866 to educate the liberated slaves. Floridas first Bishop, Augustin Verot invited them from the City of Le Puy in south central France where the Congregation had been founded in 1650. The central piece of the story is about the first eight Sisters and those who followed them in establishing free schools, academies, the founding of orphanages, nursing during yellow fever epidemics (1877, 1888), teaching in Public Schools, Americanization of the Congregation, dynamics in dealing with Bishops in America, separation and excommunication, teaching the Apache Indians, their arrest in 1916 for teaching Black students. There

are many letters written by the French Sisters to their comrades and family members in France in the late 1800s giving the real story and the local color of the experiences. Can she save her sister from one fate, and yet outrun her own? The thrilling new novel from acclaimed author Lucy Strange, author of *The Secret of Nightingale Wood*, *The Ghost of Midnight Lake* and the Waterstones Prize-shortlisted *Our Castle by the Sea*. This new history of the Sisters of Saint Joseph of Chestnut Hill, Philadelphia, focuses on the growth and evolution of the Congregation through the years 1944–1999. This book attempts to look at the Congregation, an ecclesial group of Catholic women religious, from the perspectives of spirituality, ministry, and governance. Queens. Warriors. Witches. Revolutionaries. History is full of sisters making their mark. Meet incredible women in this nonfiction book for kids, from Queen Elizabeth II and Princess Margaret to tennis superstars Venus and Serena Williams. Authors (and

sisters!) Olivia Meikle and Katie Nelson have scoured history for jaw-dropping stories of amazing siblings, including: • Why Egyptian ruler Cleopatra went to war against her younger sister Arsinoë • How Native American sisters Maria and Marjorie Tallchief became America's first star ballerinas • What made samurai sisters Nakano Takeko and Nakano Yuko take on an entire army Through the stories of the sisters, readers will go on a whirlwind tour of women's history, from the courts of Imperial China to the French Revolution. And you'll discover that stories about sisters aren't anything new—they can be traced back to ancient tales, from Greek goddesses to Maya mythology. Agnes and Margaret Smith were not your typical Victorian scholars or adventurers. Female, middle-aged, and without university degrees or formal language training, the twin sisters nevertheless made one of the most important scriptural discoveries of their time: the earliest known copy of the Gospels in ancient Syriac, the language that Jesus spoke. In an era when most Westerners—male or female—feared to tread in the Middle East, they slept in tents and endured temperamental camels, unscrupulous dragomen, and suspicious monks to become unsung heroines in the continuing effort to discover the Bible as originally written. The sisters of the Order of Saint Rita captain their living ship into the reaches of space in Lina Rather's debut novella, *Sisters of the Vast Black*. Years ago, Old Earth sent forth sisters and brothers into the vast dark of the prodigal colonies armed only with crucifixes and iron faith. Now, the sisters of the Order of Saint Rita are on an interstellar mission of mercy aboard *Our Lady of Impossible Constellations*, a living, breathing ship which seems determined to develop a will of its own. When the

order receives a distress call from a newly-formed colony, the sisters discover that the bodies and souls in their care—and that of the galactic diaspora—are in danger. And not from void beyond, but from the nascent Central Governance and the Church itself. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. A riveting middle-grade fantasy about sibling bonds, enchanted houses, and encroaching wildness, lyrically told in eerily beautiful prose

The grass grew taller than the house itself, surrounding it on all sides. It stuffed the keyholes and scraped against the roof. It shook the walls and made paintings shiver. Seven years ago, the Ballastian sisters' parents left them in the magical Straygarden Place, a house surrounded by tall silver grass and floating trees. They left behind a warning saying never to leave the house or go into the grass. "Wait for us," the note read. "Sleep darkly." Ever since then, the house itself has taken care of Winnow, Mayhap, and Pavonine—feeding them, clothing them, even keeping them company—while the girls have waited and grown up and played a guessing game: Think of an animal, think of a place. Think of a person, think of a face. Until one day, when the eldest, fourteen-year-old Winnow, does the unthinkable and goes outside into the grass, and everything twelve-year-old Mayhap thought she knew about her home, her family, and even herself starts to unravel.

With luscious, vivid prose, poet and author Hayley Chewins transports readers to a house where beloved little dogs crawl into their owners' minds to sleep, sick girls turn silver, and anything can be stolen—even laughter and silence. The Sisters of the Holy Family, founded in New Orleans in 1842, were the first African American Catholics to serve as missionaries. This

story of their little-known missionary efforts in Belize from 1898 to 2008 builds upon their already distinguished work, through the Archdiocese of New Orleans, of teaching slaves and free people of color, caring for orphans and the elderly, and tending to the poor and needy. Utilizing previously unpublished archival documents along with extensive personal correspondence and interviews, Edward T. Brett has produced a fascinating account of the 110-year mission of the Sisters of the Holy Family to the Garifuna people of Belize. Brett discusses the foundation and growth of the struggling order in New Orleans up to the sisters' decision in 1898 to accept a teaching commitment in the Stann Creek District of what was then British Honduras. The early history of the British Honduras mission concentrates especially on Mother Austin Jones, the superior responsible for expanding the order's work into the mission field. In examining the Belizean mission from the eve of the Second Vatican Council through the post-Vatican II years, Brett sensitively chronicles the sisters' efforts to conform to the spirit of the council and describes the creative innovations that the Holy Family community introduced into the Belizean educational system. In the final chapter he looks at the congregation's efforts to sustain its missionary work in the face of the shortage of new religious vocations. Brett ' s study is more than just a chronicle of the Holy Family Sisters' accomplishments in Belize. He treats the issues of racism and gender discrimination that the African American congregation encountered both within the church and in society, demonstrating how the sisters survived and even thrived by learning how to skillfully negotiate with the white, dominant power structure. Heart-warming tales of nursing and midwifery

A baby, a real live baby, another human life had entered the world. It didn ' t seem possible and yet I had witnessed it with my very own eyes. ' Born into a happy working-class North London family in the mid-twentieth century, Katie is determined to ' do something ' with her life. Working in the impoverished East End in the 1950s, she meets the Sisters of St John the Divine – a community of nuns dedicated to nursing and midwifery. The Sisters have been present at births, cared for the sick and laid out the dead of the East Enders for a hundred years, and Katie soon joins them to start her journey to becoming Sister Catherine Mary. As a nurse and midwife, Katie learns to deal with everything from strokes to breech births. Tragedy is never far away, but there are also moments of pure joy as lives are saved and the Poplar residents rally round. As a young novice Katie rallies against the vow of obedience, yet over the years learns much about the nature of dedication and love. Full of desperate hardship, humour and compassion, Katie ' s story brings to life the unique world of these nursing Sisters in London ' s East End. Sister Catherine Mary ' s story was written by Helen Batten after in-depth interviews with today ' s Sisters of the Community of St John the Divine. The Community of St John the Divine was founded in 1848 in a bid to make nursing a respectable profession. Early Sisters worked in the Crimea with Florence Nightingale and were instrumental in developing recognised training and qualifications for nurses and midwives. In the early 20th century they were working in areas such as Poplar and Deptford becoming a treasured part of the community. Today

the Sisterhood is based in Birmingham and their website is www.csjd.org.uk. Helen Batten studied history at Cambridge and then journalism at Cardiff University. She went on to become a producer and director at the BBC and now works as a writer and a psychotherapist. She lives in West London with her three daughters.

Queensland, Australia 1936 Sister Claire McAuliffe has been called from Dungarvan, County Waterford, to do God's work in Jumaaroo, Queensland. Along with four other sisters she is charged with setting up a Catholic school for the education of the gold rush families. But life between the tropical Australian rainforest and azure ocean is far from the spectacular paradise it seems. Sister Claire finds life challenging in more ways than she can count, the heat, the terrifying creatures that lurk in every nook and cranny, the crocodiles and snakes, but far more worrying is the constant presence of the much loved mayor of Jumaaroo, Joseph McGrath. Why does a person so respected give Claire such cause for concern? Is it the cruel way he speaks about the Aboriginal people who live on the mission? A closed community run by a peculiar religious leader who seems to deeply resent the arrival of the nuns? As Claire learns of the manner in which the Bundagulgi are treated, she is forced to act, but nobody wants to upset the status quo, and a meddling nun suddenly is a dangerous one.

"Meet the Sisters of the Last Straw, a group of sisters struggling hard to overcome their bad habits. Sister Krumbles forgets everything. Sister Shiny can't stop polishing and cleaning everything. Mother Mercy has a terrible temper. Yet when the misfit nuns band together to form a new order, lessons on tolerance and forgiveness (as well as much hilarity!) ensue... A new puppy

Sisters of the Extreme provides us with the eloquent writings of women who experimented with drugs. Sometimes their quests brought unexpected rewards, sometimes suffering. The selections in this anthology show that the psychedelic experiences of women have been anything but stereotypical. Twin sisters, one living in the Shadow Lands the realm of the dead and one in the land of the living, are called upon to try and save a boy and his friends who have been marked for death by a long-dead serial killer. Raina Telgemeier ' s #1 New York Times bestselling, Eisner Award-winning companion to Smile! Raina can't wait to be a big sister. But once Amara is born, things aren't quite how she expected them to be. Amara is cute, but she's also a cranky, grouchy baby, and mostly prefers to play by herself. Their relationship doesn't improve much over the years, but when a baby brother enters the picture and later, something doesn't seem right between their parents, they realize they must figure out how to get along. They are sisters, after all. Raina uses her signature humor and charm in both present-day narrative and perfectly placed flashbacks to tell the story of her relationship with her sister, which unfolds during the course of a road trip from their home in San Francisco to a family reunion in Colorado.
