Only 13, John must track a deer in the Minnesota woods for his family's winter meat, and in doing so finds himself drawn to the doe he's been tracking and hating his role as hunter. Longlisted for the National Book Award The Newbery Honor-winning author of Hatchet and Dogsong shares surprising true stories about his relationship with animals, highlighting their

compassion, intellect, intuition, and sense of adventure. Gary Paulsen is an adventurer who competed in two Iditarods, survived the Minnesota wilderness, and climbed the Bighorns. None of this would have been possible without his truest companion: his animals. Sled dogs rescued him in Alaska, a sickened poodle guarded his well-being, and a horse led him across a desert. Through his interactions with dogs, horses, birds, and more, Gary has been struck with the belief that animals know more than we may fathom. His understanding and admiration of animals is well known, and in *This Side of Wild*, which has taken a lifetime to write, he proves the ways in which they have taught him to be a better person. About the Novel: Hatchet is a Newbery Honor winning story about a boy surviving a plane crash in the Canadian wilderness. Miles off course, Brian must wait out the search for him while surviving in the harsh environment. With nothing but a hatchet his mother gave him, Brian soon discovers his greatest tool for survival is himself. A bear, porcupine, moose and even tornado threaten to hinder Brian's attempt at survival; however, he manages to make a shelter for himself, weapons, and finally a fire. With these tools, Brian must hunt and gather food and water in order to stay alive while he waits for a rescue plane to find

him. A narrative poem about the death of Elaine, "the lily maid of Astolat". This stunning New York Times Bestseller from the survival story master, set along a rugged coastline centuries ago, does for the ocean what Hatchet does for the woods, as it relates the story of a young person's battle to stay alive against the odds, where the high seas meet a coastal wilderness. When a deadly plague reaches the small fish camp where he lives, an orphan named Leif is forced to take to the water in a cedar canoe. He flees northward, following a wild, fjord-riven shore, navigating from one danger to the next, unsure of his destination. Yet the deeper into his journey he paddles, the closer he comes to his truest self as he connects to "the heartbeat of the ocean . . . the pulse of the sea." With hints of Nordic mythology and an irresistible narrative pull, *Northwind* is Gary Paulsen at his captivating, adventuresome best. Students analyze Hatchet using key skills from the Common Core. Close reading of the text is required to answer text-dependent questions. Included are student pages with the text-dependent questions as well as suggested answers. This adventure novel about survival at sea by Newbery Honor author Gary Paulsen is now available in an After Words paperback edition! David thought he was alone, that the ocean around him was all there was of the world. The wind screamed, the waves towered, and his boat, the twenty-two foot fiberglass FROG, skidded and bucked and, each moment, filled deeper and grew heavier with sea water. David thought surely he was dead at fourteen. His uncle Owen, who had taught him about sailing safely, would be so angry. Owen had died only days ago, his last wish for David to take the FROG out on his own, and sail her beyond sight of the coast, and once there, scatter Owen's ashes. Gary Paulsen has owned dozens of unforgettable and amazing dogs, and here are his favorites--one to a chapter. Among them are Snowball, the puppy he owned as a boy in the Philippines; Ike, his mysterious hunting companion; Electric Fred and his best friend, Pig; Dirk, the grim protector; and Josh, one of the remarkable border collies working on Paulsen's ranch today. *My Life in Dog Years* is a book for every dog lover and every Paulsen fan--a perfect combination that shows vividly the joy

and wisdom that come from growing up with man's best friend. Teacher's guide, based on Gary Paulsen's *Hatchet*, includes essay and multiple choice questions, activities, glossary, and answer key. For fans of *Hatchet* and *Island of the Blue Dolphins* comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, *The Cay*. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand—until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The result is a story with a high ethical purpose but no sermon."—New York Times Book Review "A taut tightly compressed story of endurance and revelation...At once barbed and tender, tense and fragile—as Timothy would say, 'outrageous good.'"—Kirkus Reviews \* "Fully realized setting...artful, unobtrusive use of dialect...the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children's literature."—School Library Journal, Starred "Starkly dramatic, believable and compelling."—Saturday Review "A tense and moving experience in reading."—Publishers Weekly "Eloquently underscores the intrinsic brotherhood of man."—Booklist "This is one of the best survival stories since Robinson Crusoe."—The Washington Star · A New York Times Best Book of the Year · A School Library Journal Best Book of the Year · A Horn Book Honor Book · An American Library Association Notable Book · A Publishers Weekly Children's Book to Remember · A Child Study Association's Pick of Children's Books of the Year · Jane Addams Book Award · Lewis Carroll Shelf Award · Commonwealth Club of California: Literature Award · Southern California Council on Literature for Children and Young People Award

Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents. Brian sets out on the hunt of a lifetime in this follow-up to the award-winning classic *Hatchet* from three-time Newbery Honor-winning author Gary Paulsen! Brian Robeson has stood up to the challenge of surviving the wilderness in *Hatchet*, *The River*, *Brian's Winter*, and *Brian's Return*. Now, while camping alone on a lake in the woods, he finds a wounded and whimpering dog. As Brian treats her wounds, he worries about who or what did this to her. His instincts tell him to head north, quickly, to check on his Cree friends. With his new companion at his side, he sets out on the hunt. Gary Paulsen expertly delivers a riveting story that brilliantly combines two of his great themes: the human animal's place in nature, and the mysterious and wonderful bond between humans and dogs. "The Brian books reveal

nature and humankind's place in it with spare prose that seems ideally suited to the setting and plot." —VOYA "Based on real incidents, this well-written sequel to *Hatchet* and its successors will be gobbled up by the author's legions of fans." —Kirkus Reviews Read all the *Hatchet* Adventures! *Brian's Winter* *The River* *Brian's Return* *Brian's Hunt* Winner of the Pulitzer Prize and the National Book Award, this #1 New York Times bestseller chronicles a young slave's adventures as she makes a desperate bid for freedom in the antebellum South. The basis for the acclaimed original Amazon Prime Video series directed by Barry Jenkins. Cora is a slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of womanhood—where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is both the gripping tale of one woman's will to escape the horrors of bondage—and a powerful meditation on the history we all share. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle!* The government sends Brian back to the Canadian wilderness in this beloved follow-up to the award-winning classic *Hatchet* from three-time Newbery Honor-winning author Gary Paulsen! Two years after Brian Robeson survived fifty-four days alone in the Canadian wilderness, the government wants him to head back so they can learn what he did to stay alive. This time Derek Holtzer, a government psychologist, will accompany him. But a freak storm leaves Derek unconscious. Brian's only hope is to transport Derek a hundred miles down the river to a trading post. He's survived with only a hatchet

before--now can Brian build a raft and navigate an unknown river? For the first time it's not only Brian's survival that's at stake. . . An IRA-CBC Children's Choice A Parents Magazine Best Book of the Year "Vividly written, a book that will, as intended, please the readers who hoped that Paulsen, like Brian, would 'do it again.'" —Kirkus Reviews Read all the Hatchet Adventures! Terribly unhappy in his family's crowded New York City apartment, Sam Gibley runs away to the solitude-and danger-of the mountains, where he finds a side of himself he never knew. Based on an Athabaskan Indian legend passed along for many generations from mothers to daughters of the upper Yukon River

Valley in Alaska, this is the suspenseful, shocking, ultimately inspirational tale of two old women abandoned by their tribe during a brutal winter famine. Though these women have been known to complain more than contribute, they now must either survive on their own or die trying. In simple but vivid detail, Velma Wallis depicts a landscape and way of life that are at once merciless and starkly beautiful. In her old women, she has created two heroines of steely determination whose story of betrayal, friendship, community and forgiveness "speaks straight to the heart with clarity, sweetness and wisdom" (Ursula K. Le Guin). The ritual complexes of the Ehing, a farming people of southern Senegal, embody an elaborate set of prohibitions on social behavior and prescribe the general rules of Ehing social organization. Power is distributed and maintained in Ehing culture by the concept of Odieng ("hatchet"), which as a spirit acts upon human beings much as an ax does upon a tree, falling from above to punish its victims for transgression. Marc Schloss's ethnography of the Ehing is a study of the meaning of Odieng's power, explaining why its rules are so essential to the Ehing way of life. Brian returns to the wilderness to discover where he truly belongs in this follow-up to the award-winning classic Hatchet from three-time Newbery Honor-winning author Gary Paulsen! As millions of readers of Hatchet, The River, and Brian's Winter know, Brian Robeson survived alone in the wilderness by finding solutions to extraordinary challenges. But now that's he's back to ordinary life, he can't make sense of high school life. He feels disconnected, more isolated than he did alone in the north woods. How can Brian discover his true path in life, and where he belongs? The answer is to return. Gary Paulsen skillfully explores the meaning of belonging and purpose, and reminds us of a crucial rule of the wilderness: expect the unexpected. "Bold, confident and persuasive." —Publishers Weekly, Starred "Paulsen bases many of his protagonist's experiences on his own, and the wilderness through which Brian moves is vividly observed." —Kirkus Reviews, Starred Read all the Hatchet Adventures! Set in the 1850s, Gary Paulsen's groundbreaking new novel is unlike anything else the award-winning author has written. It is a meticulously researched, historically accurate, and artistically crafted portrayal of a grim time in our nation's past, brought to light through the personal history of two unforgettable characters. The Great Fire of 1871 was one of most colossal disasters in American history. Overnight, the flourishing city of Chicago was transformed into a smoldering wasteland. The damage was so profound that few people believed the city could ever rise again. By weaving personal accounts of actual survivors together with the carefully researched history of Chicago and the disaster, Jim Murphy constructs a riveting narrative that recreates the event with drama and immediacy. And finally, he reveals how, even in a time of deepest despair, the human spirit triumphed, as the people of Chicago found the courage and strength to build their city once again. Andy is in a world of trouble. On the last day of a sea kayaking trip in southeast Alaska, fourteen-year-old Andy Galloway paddles away from his group to visit the nearby site where his archaeologist father died trying to solve the mystery of the first Americans. A sudden, violent storm blows Andy's kayak off course and washes him ashore on Admiralty Island, an immense wilderness known as the Fortress of the Bears. Struggling to survive, Andy encounters a dog running with wolves and then a man toting a stone-tipped spear. The wild man vanishes into the forest, but the dog reappears and leads Andy to a cave filled with Stone Age tools and weapons. Running for his life, Andy retreats deep into the cave, where danger, suspense, and discovery await. NATIONAL BESTSELLER "Elie Honig has written much more than a compelling takedown of an unfit attorney general; he also offers a blueprint for how impartial and apolitical justice should be administered in America."—Preet Bharara "An essential analysis for anyone committed to understanding the abuses of the Trump administration so we can ensure they never happen again."—Joyce White Vance "Essential reading for all who cherish the rule of law in America."—George Conway "Written with all the color and pacing of a legal thriller."—Variety CNN Senior Legal Analyst Elie Honig exposes William Barr as the most corrupt attorney general in modern U.S. history, with stunning new scandals bubbling to the surface even after Barr's departure from office. In *Hatchet Man*, former federal prosecutor Elie Honig uncovers Barr's unprecedented abuse of power as Attorney General and the lasting structural damage done to the Justice Department. Honig uses his own experience as a prosecutor at DOJ to show how, as America's top law enforcement official, Barr repeatedly violated the Department's written rules, and those vital, unwritten norms and principles that comprise the "prosecutor's code." Barr was corrupt from the beginning. His first act as AG was to distort the findings of Special Counsel Robert Mueller, earning a public rebuke for his dishonesty from Mueller himself and, later, from a federal judge. Then, Barr tried to manipulate the law to squash a whistleblower's complaint about Trump's dealings with Ukraine—the report that eventually led to Trump's first impeachment. Barr later intervened in an unprecedented manner to undermine his own DOJ prosecutors on the cases of Michael Flynn

and Roger Stone, both political allies of the President. And then Barr fired the U.S. Attorney for the Southern District of New York under false pretenses. Finally, Barr amplified baseless theories about massive mail-in ballot fraud, pouring gasoline on the dumpster fire battle over the 2020 election results and contributing to the January 6 insurrection that led to Trump's second impeachment. In *Hatchet Man*, Honig proves that Barr trampled the two core virtues that have long defined the department and its mission: credibility and independence – ultimately in service of his own deeply-rooted, extremist legal and personal beliefs. Honig shows how Barr corrupted the Justice Department and explains what we must do to prevent this from ever happening again. A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award. These vocabulary activities for three popular novels incorporate key skills from the Common Core. The activities integrate vocabulary with a study of the texts. Includes text-dependent questions, definitions, and text-based sentences. Guess what -- Gary Paulsen was being kind to Brian. In *Guts*, Gary tells the real stories behind the Brian books, the stories of the adventures that inspired him to write Brian Robeson's story: working as an emergency volunteer; the death that inspired the pilot's death in *Hatchet*; plane crashes he has seen and near-misses of his own. He describes how he

made his own bows and arrows, and takes readers on his first hunting trips, showing the wonder and solace of nature along with his hilarious mishaps and mistakes. He shares special memories, such as the night he attracted every mosquito in the county, or how he met the moose with a sense of humor, and the moose who made it personal. There's a handy chapter on "Eating Eyeballs and Guts or Starving: The Fine Art of Wilderness Nutrition." Recipes included. Readers may wonder how Gary Paulsen survived to write all of his books -- well, it took guts.
