FROM MASTI TO MAHADEVA Mar 16 2022 I have planned and designed this representative Anthology of Kannada short Stories in English (Fifteen stories). My main objective is to offer the best short stories in English. The seeds of Kannada short story as a literary form can be traced back to Katha Sarastisagara, Panchantantra, Jataka tales and great oral folk legends and wonderful tales. Some of the oral and written stories were carried to the West mostly by traders, wanderers, monks and cultural ambassadors. They also carried with them the two greatest epics like Ramayana and Mahabharata, Vedas and Upanishads. The travellers brought back the great stories/epics of the West like Illiad, Odyssey and Biblical stories. With the invention of printing press in Germany in 16th century it became possible to reach out to countries far and wide through the medium of print. The short story as a genre developed steadily over the centuries and it lost its amorphous body and acquired a well defined order, arrangement and form.

Papillon Jan 26 2023 “ A modern classic of courage and excitement. ” —The New Yorker • The source for the iconic prison-escape film starring Steve McQueen Henri Charri è re, nicknamed "Papillon," for the butterfly tattoo on his chest, was convicted in Paris in 1931 of a murder he did not commit. Sentenced to life imprisonment in the penal colony of French Guiana, he became obsessed with one goal: escape. After planning and executing a series of treacherous yet failed attempts over many years, he was eventually sent to the notorious prison, Devil's Island, a place from which no one had ever escaped . . . until Papillon. His flight to freedom remains one of the most incredible feats of human cunning, will, and endurance ever undertaken. Charri è re's astonishing autobiography, Papillon, was first published in France to instant acclaim in 1968, more than twenty years after his final escape. Since then, it has become a treasured classic--the gripping, shocking, ultimately uplifting odyssey of an innocent man who would not be defeated. “ A first-class adventure story. ” — New York Review of Books

A New Finding on the Unsung English Poets Jan 14 2022 We are made to assume, by the available works on the history of Indian writing in English, that all the writers of yesteryears have been identified, analyzed and assessed exhaustively and nothing more remains to be explored. However, there have been several Indian writers who wrote good amounts of literature in English, but still, the literary world is not aware of such writers and their works. This book introduces four such unknown Indian writers in English, who deserve to be recognized, honoured and brought to the mainstream academia. The irony is that the writers introduced in this book are not strangers! They are reputed and renowned in Kannada literary terrains but are unknown as English writers in India.

Colon Cancer Diagnosis and Therapy Sep 29 2020 Colorectal cancer (CRC) is a major global health challenge as the third leading cause for cancer related mortalities worldwide. Despite advances in therapeutic strategies, the five-year survival rate for CRC patients has remained the same over time due to the fact that patients are often diagnosed in advanced metastatic stages. Drug resistance is another common reason for poor prognosis. Researchers are now developing advanced therapeutic strategies such as immunotherapy, targeted therapy, and combination nanotechnology for drug delivery. In addition, the identification of new biomarkers will potentiate early stage diagnosis. This book is the second of three volumes on recent developments in colorectal diagnosis and therapy. Each volume can be read on its own, or together. Each volume focuses on different novel therapeutic advances, biomarkers, and identifies therapeutic targets for treatment. Written by leading international experts in the field, coverage addresses the role of diet habits and lifestyle in reducing gastrointestinal disorders and incidence of CRC. Chapters discuss current and future diagnostic and therapeutic options for colorectal cancer patients, focusing on immunotherapeutics, nanomedicine, biomarkers, and dietary factors for the effective management of colon cancer.

Translating India Apr 17 2022 The cultural universe of urban, English-speaking middle class in India shows signs of growing inclusiveness as far as English is concerned. This phenomenon manifests itself in increasing forms of bilingualism (combination of English and one Indian language) in everyday forms of speech - advertisement jingles, bilingual movies, signboards, and of course conversations. It is also evident in the startling prominence of Indian Writing in English and somewhat less visibly, but steadily rising, activity of English translation from Indian languages. Since the eighties this has led to a frenetic activity around English translation in India's academic and literary circles. Kothari makes this very current phenomenon her chief concern in Translating India. The study covers aspects such as the production, reception and marketability of English translation. Through an unusually multi-disciplinary approach, this study situates English translation in India amidst local and global debates on translation, representation and authenticity. The case of Gujarati - a case study of a relatively marginalized language - is a unique addition that demonstrates the micro-issues involved in translation and the politics of language. Rita Kothari teaches English at St. Xavier's College, Ahmedabad (Gujarat), where she runs a translation research centre on behalf of Katha. She has published widely on literary sociology, postcolonialism and translation issues. Kothari is one of the leading translators from Gujarat. Her first book (a collaboration with Suguna Ramanathan) was on English translation of Gujarati poetry (Modern Gujarati Poetry: A Selection, Sahitya Akademi, New Delhi, 1998). Her English translation of the path-breaking Gujarati Dalit novel Angaliyat is in press (The

Stepchild, Oxford University Press). She is currently working on an English translation of Gujarati short stories by women of Gujarat, a study of the nineteenth-century narratives of Gujarat, and is also engaged in a project on the Sindhi identity in India.

The Illustrative Book of Cartilage Repair May 18 2022 This book employs a wealth of high-quality illustrations to provide the reader with a detailed understanding of the anatomy and the histology of the cartilage, the etiology and the classification of the cartilage lesions, and the numerous techniques employed for cartilage repair. Imaging of the damaged and the repaired cartilage, as well as the information on the biomechanics are provided in great detail. The chapters on the techniques cover a wide range of approaches: marrow stimulation techniques, osteochondral cylinder transfer techniques, first, second and third generation autologous chondrocyte implantation techniques, allografts, cell-based therapies, orthobiologic approaches, and the role of 3D printing. The chapters closes with a consideration of the success of rehabilitation devices and the long-term results of cartilage repair. The book will be invaluable for all general orthopaedic and arthroscopic surgeons seeking a deeper knowledge of cartilage science and will help to dispel the confusion that still surrounds the reparative treatment. The authors are recognized experts in the fields of cartilage histology, assessment, classification, and repair.

To Sir, With Love Jan 02 2021 This schoolroom drama that inspired the classic Sidney Poitier film is “ a microcosm of the racial issues . . . A dramatic picture of discrimination ” (Kirkus Reviews). With opportunities for black men limited in post – World War II London, Rick Braithwaite, a former Royal Air Force pilot and Cambridge-educated engineer, accepts a teaching position that puts him in charge of a class of angry, unmotivated, bigoted white teenagers whom the system has mostly abandoned. When his efforts to reach these troubled students are met with threats, suspicion, and derision, Braithwaite takes a radical new approach. He will treat his students as people poised to enter the adult world. He will teach them to respect themselves and to call him “ Sir. ” He will open up vistas before them that they never knew existed. And over the course of a remarkable year, he will touch the lives of his students in extraordinary ways, even as they in turn, unexpectedly and profoundly, touch his. Based on actual events in the author ’ s life, *To Sir, With Love* is a powerfully moving story that celebrates courage, commitment, and vision, and is the inspiration for the classic film starring Sidney Poitier.
