IF YOU THOUGHT TINSELTOWN WAS TOUGH . . . Tori Spelling might have grown up with everything a girl could wish for, but these days she's just another suburban working mom . . . whose toddler regularly recognizes her in the pages of US Weekly. Welcome to Mommywood, where the stars are two feet tall and your neighbors know who you are before you move in. Like most parents, Tori wants her children to have the one thing she didn't have as a kid—a normal family. On their hit Oxygen reality show, Tori & Dean: Home Sweet Hollywood, the starlet and her husband Dean McDermott regularly wrestle dirty diapers, host the neighborhood block party, and tackle temper tantrums on the red carpet. But when the cameras aren't rolling, Tori's still having awkward run-ins with a former 90210 costar at a laser tag birthday party, scooping rogue poo out of the kiddie pool on a resort vacation, and racing to win back her pre-baby body before the media starts calling her fat. For all her suburban fantasies, Tori Spelling is no June Cleaver. With the same down-to-earth wit that made her entertaining memoir sTORI telling a #1 New York Times bestseller, Tori tells the hilarious and humbling stories of life as a mom in the limelight, from learning to be the kind of parent her own mother never was to revealing what it's like to raise a family while everyone is watching. Mommywood is an irresistible snapshot of celebrity parenthood that you won't get from the paparazzi. Team Aniston or Team Jolie? Whether you have admittedly chosen a side, chances are you know the feud these slogans reference and perhaps even remember where you were when news of the Aniston-Pitt split broke. Over the past three decades, buzz over the rich and famous has exploded, thanks in part to refined technology, well-oiled media outlets, and a dedicated few who have greased up their own laptops to challenge the tabloid giants (think Perez Hilton). Much to their chagrin, or so they say, celebrities have become all the rage, lending to their adoring, or simply inquisitive, public not only a glamorous escapism but also the reality that even megastars suffer fault. Marjorie Hallenbeck-Huber fills you in on the juiciest bits to hit the celebrity gossip circuit over the past three decades. Read about the most bizarre hookups (Lance Armstrong and an Olsen twin, anyone?); marriages that lasted a Hollywood second, or fifty-five hours in the case of Britney Spears; celebrity baby names, like Heavenly Hiranni Tiger Lily, that even the creative teams at Crayola could not dream up; diet tricks and training regimens that guarantee a camera-ready body; "it" travel destinations where celebs go to laze under the sun—or to do good; and infamous crack-ups that surely sent publicists into a damage-control frenzy. Did we forget to mention sex tapes? Celebrities' Most Wanted™ grants you access to the fascinating world of the rich and famous, where Red Carpet is a season, Fiji is more than a bottle of water, and saving the world is not such a far-off possibility. After thirty-eight happy years of marriage to influential producer Aaron Spelling, raising two children in Hollywood, and co-managing one of the largest estates in the country (finally selling Spelling Manor, as detailed on her HGTV series, for \$85 million), Candy is now adjusting to life on her own--downsizing to a Century City condo. She's ready to share the most intimate details of her life with Aaron; how his illness caused her to question her identity; and how she's reinvented herself as an independent woman, businesswoman, and

television personality. Along the way, Candy reveals all-new dishy stories including those of Hollywood friends Joan Crawford, Bette Davis, Michael Jackson, Janet Leigh, Dean Martin, and Elizabeth Taylor (her lifelong rival over their jewelry). In 1936, as television networks CBS, DuMont, and NBC experimented with new ways to provide entertainment, NBC deviated from the traditional method of single experimental programs to broadcast the first multi-part program, Love Nest, over a three-episode arc. This would come to be known as a miniseries. Although the term was not coined until 1954, several other such miniseries were broadcast, including Jack and the Beanstalk and Women in Wartime. In the mid-1960s the concept was developed into a genre that still exists. While the major broadcast networks pioneered the idea, it quickly became popular with cable and streaming services. This encyclopedic source contains a detailed history of 878 TV miniseries broadcast from 1936 to 2020, complete with casts, networks, credits, episode count and detailed plot information. Divorce Sucks. And perhaps no one knows that better than author Mary Jo Eustace, whose ex-husband Dean McDermott married Tori Spelling a mere thirty days after their divorce was finalized. One part tell-all and one part guide to get readers on their feet after a bitter breakup, this hilarious addition to the bestselling Sucks series tells everything readers don't want to know about divorce - from what a phone call with a lawyer will cost; to how to handle your newer, younger replacement; to what Hollywood divorcees are actually thinking when they watch their ex walk the red carpet with a millionairess. Sometimes horrifying, sometimes gratifying, and never merciful, this book will give readers an inside look at one of today's most public divorces while reminding them - hey, it could always be worse. A compilation of memories for anyone born in the 1950s, 1960s, 1970s, or 1980s features more than three thousand references on everything from television shows to dolls, and features such entertaining lists as "best toys" and "all-time coolest singers." Original. Working for the biggest stars in the world—Jennifer Lopez, P. Diddy, Alicia Keys, and Jessica Simpson, officially as a publicist but in reality, as a confidante—Rob Shuter has seen it all. In fifteen years as a celebrity publicist, Rob has been privileged to have a front-row seat to the most successful people in the world. Before Jessica Simpson told then-husband Nick Lachey that they were getting divorced, she called Rob. Jon Bon Jovi flew Rob to each of his shows on a private jet for the primary purpose of escorting out press before his fabulous hair flopped. Rob was responsible for making sure an Asian pear was within feet of Jennifer Lopez at any given moment, per her very specific demands. Being involved in the lives of the best and the brightest, Rob quickly discovered it wasn't talent all his super successful clients had in common. Rather, what all these extraordinary people share is they know exactly who they are—in just four words. The popular Hollywood starlet presents a collection of essays about the challenges of life in Hollywood, from navigating tabloid scrutiny and the latest headline-making feud to her visit to the set of the new "90210" and her baby nurse Patsy's health scare. Leave a Cheater, Gain a Life is a no-nonsense self-help guide for anyone who has ever been cheated on. Here's advice not based on saving your relationship after infidelity—but saving your sanity. When it comes to cheating, a lot of the attention is focused on cheaters—their unmet needs or their challenges with monogamy. But Tracy Schorn (aka Chump Lady) lampoons such blameshifting and puts the focus squarely on the-cheated-upon (chumps) and their needs. Combining solid advice that champions self-respect, along with hilarious cartoons satirizing the pomposity of cheaters, Leave a Cheater, Gain a Life offers a fresh voice for chumps who want (and need) a new message about infidelity. This book will offer advice on Stupid sh*t cheaters say and how to respond, Rookie mistakes of the recently chumped and how to disarm your fears, Why chumps take the blame and how to protect yourself, and more. Full of snark, sass, and real wisdom about how to bounce back after the gut blow of betrayal, Schorn is the friend who guides you through this nightmare and gives you hope for a better life ahead. "Cast: 1m., 1w. (May be expanded up to 14m., 11w.) Maybe Baby, It's You is a comedy about the search for that most elusive of entities, the soul mate, and told in a series of 11 vignettes that cover ground from the first kiss to the not-so-golden years of marriage. We take a raucous ride through male-female relationships with two searchers with a laundry list of must-have qualities for a mate that swiftly dwindles down to "warm and breathing" as the only prerequisite; a mild-mannered Midwesterner whose blind date turns out to be the Greek goddess Medea; a

film noir couple who realize that their razor-sharp banter is hiding their fear and vulnerability; a gorgeous, charming brain surgeon who is always "Mr. Wrong" due to his penchant for spastic, arrhythmic club dancing; a couple celebrating their wedding anniversary who realize that marriage may not have ended their search for a soul mate; an elderly divorced couple who entertain the fantasy of a reconciliation at their grandson's soccer game; and other would-be and shouldn't-be couples trying to find each other. Maybe Baby, It's You. Or maybe ... it isn't. Simple set. Approximate running time: 90 minutes."--Publisher's website. A memoir by the actress best known for her role on "Beverly Hills, 90210" challenges popular misconceptions about her privileged life while discussing such topics as her relationship with her late father, her marriages, and her parenting experiences. Beverly Hills, 90210's Jennie Garth shares her life experiences both on screen and off in this humorous and heartwarming memoir... "Revealing myself in these pages has been at times terrifying, but also one of the most liberating experiences of my life..." In this candid and intimate memoir, Jennie Garth explores the highs and lows of her life, both in front of the camera and behind closed doors, revealing the joys and sorrows, successes and failures that have made her one unforgettable Hollywood blonde. From her rise to fame as a golden-haired teen beauty, to redefining herself as a single working mother, Jennie Garth has defied the odds and thrived in a town that can be more than a little tough on its blondes. Since Jennie landed in Hollywood at just sixteen, she has built an enduring career as a television and film actress, producer, and director, beginning with her iconic turn as Kelly Taylor on Aaron Spelling's smash hit Beverly Hills, 90210, a show that ran for a decade and that cemented Jennie's place in American pop culture. Recently, Jennie found herself facing her forties from a place she never expected to be in: newly single, in demand again as an actress after years spent focusing on her family, and all over the tabloids. With candor and a bawdy sense of humor, this is the real Jennie Garth—smart, funny, and stronger than she ever realized. In 2008, the broadcast networks, cable channels and syndication produced nearly 1,100 new and continuing entertainment programs—the most original productions in one year since the medium first took hold in 1948. This reference book covers all the first run entertainment programs broadcast over the airwaves and on cable from January 1 through December 31, 2008, including series, specials, miniseries, made-for-television movies, pilot films, Internet series and specialized series (those broadcast on gay and lesbian channels). Alphabetically arranged entries provide storylines, performer/character casts, production credits, day/month/year broadcast dates, type, length, network(s), and review excerpts. Carole Gene Marer spent her girlhood dreaming of meeting Rock Hudson, but when she finally had the chance—on her second date with her future husband, television mogul Aaron Spelling—she was so shy she hid all night in the powder room. How Candy morphed from that quiet girl into a seemingly-confident, stylish trophy wife, mistress of the largest house in Los Angeles (70,000 square feet when you count the attic) is at the heart of *Stories from Candyland*. The life Candy created for her family—her husband and children Tori and Randy—was fabulous, over-the-top, and often magical. So what if California Christmases don't come with snow? Let's make some on the tennis court! How do we take a cross-country family vacation with a dad who doesn't fly? By private train car, of course (with an extra for the fifty-two pieces of luggage). The kids want to dress up for Halloween? No problem, why not call in Nolan Miller to design their costumes? Candy had a hand in some of the most beloved television shows of all time (she once stopped production on "Dynasty" because Krystle Carrington's engagement ring was not spectacular enough), has entertained half of Hollywood in epic fashion, and lives an enviable life. But under all the fun and showmanship lies a more interesting character, still wrestling with some of the insecurities of her ingénue self. Oprah threw her into a major panic with a discussion of hoarding. A lifelong humming habit evolved as a unique coping mechanism. And there's nothing like being defined as, "well, you know, complicated" by your daughter on television and in her own book. *Stories from Candyland* sparkles with glamour and grand gestures. But it also satisfies with some more intimate Candy concerns: why being a perfect wife and mother was so important to her, how cooking and cleaning can keep the home fires burning, why collections matter, and whether dogs are better judges of people than people are. Visit *Candyland* in these pages and get a glimpse of a generous, glittering world revealing many of its surprising and funny secrets for the first time. A RECOMMENDED SUMMER READ BY THE NEW YORK TIMES, USA TODAY, TIME, AND NEWSWEEK Longtime Jeopardy! host and television icon Alex Trebek reflects on his life and career. Since debuting as the host of Jeopardy! in 1984, Alex Trebek has been something like a family member to millions of television viewers, bringing entertainment and education into their homes five nights a week. Last year, he made the stunning announcement that he had been diagnosed with stage four pancreatic cancer. What followed was an incredible outpouring of love and kindness. Social media was flooded with messages of support, and the Jeopardy! studio received boxes of cards and letters offering guidance, encouragement, and prayers. For over three decades, Trebek had resisted countless appeals to write a book about his life. Yet he was moved so much by all the goodwill, he felt compelled to finally share his story. "I want people to know a little more about the person they have been cheering on for the past year," he writes in *The Answer Is...: Reflections on My Life*. The book combines illuminating personal anecdotes with Trebek's thoughts on a range of topics, including marriage, parenthood, education, success, spirituality, and philanthropy. Trebek also addresses the questions he gets asked most often by Jeopardy! fans, such as what prompted him to shave his signature mustache, his insights on legendary players like Ken Jennings and James Holzhauer, and his opinion of Will Ferrell's Saturday Night Live impersonation. The book uses a novel structure inspired by Jeopardy!, with each chapter title in the form of a question, and features dozens of never-before-seen photos that candidly capture Trebek over the years. This wise, charming, and inspiring book is further evidence why Trebek has long been considered one of the most beloved and respected figures in entertainment.
