**I'll Never Write My Memoirs** Jan 28 2021 Iconic music and film legend Grace Jones gives an in-depth account of her stellar career, professional and personal life, and the signature look that catapulted her into the stardom stratosphere. Grace Jones, a veritable "triple-threat" as acclaimed actress, singer, and model, has dominated the entertainment industry since her emergence as a model in New York City in 1968. Quickly discovered for her obvious talent and cutting-edge style, Grace signed her first record deal in 1977 and became one of the more unforgettable characters to emerge from the Studio 54 disco scene, releasing the all-time favorite hits, "Pull Up to the Bumper," "Slave to the Rhythm," and "I'm Not Perfect (But I'm Perfect for You)." And with her sexually charged, outrageous live shows in the New York City

nightclub circuit, Grace soon earned the title of "Queen of the Gay Discos." But with the dawn of the '80s came a massive anti-disco movement across the US, leading Grace to focus on experimental-based work and put her two-and-a-half-octave voice to good use. It was also around this time that she changed her look to suit the times with a detached, androgynous image. In this first-ever memoir, Grace gives an exclusive look into the transformation to her signature style and discusses how she expanded her musical triumph to success in the acting world, beginning in the 1984 fantasy-action film *Conan the Destroyer* alongside Arnold Schwarzenegger, then the James Bond movie *A View to a Kill*, and later in Eddie Murphy's *Boomerang*. Featuring sixteen pages of stunning full-color photographs, Miss Grace Jones takes us on a journey from Grace's religious upbringing in Jamaica to her heyday in Paris and New York in the '70s and '80s, all the way to present-day London, in what promises to be a no holds barred tell-all for the ages.

*David Bowie* Aug 03 2021 Dylan Jones's engrossing, magisterial biography of David Bowie is unlike any Bowie story ever written. Drawn from over 180 interviews with friends, rivals, lovers, and collaborators, some of whom have never before spoken about their relationship with Bowie, this oral history weaves a hypnotic spell as it unfolds the story of a remarkable rise to stardom and an unparalleled artistic path. Tracing Bowie's life from the English suburbs to London to New York to Los Angeles, Berlin, and beyond, its collective voices describe a man profoundly shaped by his relationship with his schizophrenic half-brother Terry; an intuitive artist who could absorb influences through intense relationships and yet drop people cold when they were no longer of use; and a social creature equally comfortable partying with John Lennon and dining with

Frank Sinatra. By turns insightful and deliciously gossipy, David Bowie is as intimate a portrait as may ever be drawn. It sparks with admiration and grievances, lust and envy, as the speakers bring you into studios and bedrooms they shared with Bowie, and onto stages and film sets, opening corners of his mind and experience that transform our understanding of both artist and art. Including illuminating, never-before-seen material from Bowie himself, drawn from a series of Jones's interviews with him across two decades, David Bowie is an epic, unforgettable cocktail-party conversation about a man whose enigmatic shapeshifting and irrepressible creativity produced one of the most sprawling, fascinating lives of our time.

### **Intergovernmental Organisations and Security Sector Reform** Dec 07 2021

Intergovernmental organisations (IGOs) play a crucial role in security sector reform and governance (SSR/G). In virtually all instances of recent and current SSR programme delivery, IGOs have either led the SSR effort or supported the lead provided by other actors. How this role is played is of vital importance for the prospects of fostering durable security and development in a wide range of countries. This volume looks at a selection of organisations that have been in the forefront of SSR activity or that have the potential for significantly developing their SSR agendas in the future. These IGOs are the Organisation for Economic Cooperation and Development (OECD), the European Union (EU), the North Atlantic Treaty Organisation (NATO), the Organisation for Security and Co-operation in Europe (OSCE), the Council of Europe (CoE), the Economic Organisation of West African States (ECOWAS), the World Bank (WB) and the International Monetary Fund (IMF). This year's volume is divided into four parts: conceptual issues; case studies on how IGOs have approached SSR in programme areas that are particularly representative of their overall action; case studies on the way various actors, primarily but not exclusively IGOs, have worked with each other in implementing SSR and supporting its implementation; and conclusions drawn from the various case studies as well as policy recommendations for future IGO work in the area of SSR/G.

Architectural marvels, including the M.C. Escher-like stepwells in India. Mind-boggling events, like the Baby Jumping Festival in Spain, where men dressed as devils literally vault over rows of squirming infants. Not to mention the Great Stalacpipe Organ in Virginia, Turkmenistan's 40-year hole of fire called the Gates of Hell, a graveyard for decommissioned ships on the coast of Bangladesh, eccentric bone museums in Italy, or a weather-forecasting invention that was powered by leeches, still on display in Devon, England. Every page expands our sense of how strange and marvelous the world really is. And with its compelling descriptions, hundreds of photographs, surprising charts, maps for every region of the world, it is a book to enter anywhere, and will be as appealing to the armchair traveler as the die-hard adventurer. **Ronnie** Sep 23 2020 The late great Dubliner, Ronnie Drew, was six months into writing his biography when he was diagnosed with cancer.

He had produced warm, witty and insightful material that made it clear that he was a wonderful writer as well as a great singer and storyteller. With the encouragement of his wife Deirdre and his family, he continued to think about the book and conducted a number of interviews to keep things ticking over until he was well enough to resume work on it. But sadly, much as he wanted to, Ronnie did not get to finish his story. However, with the whole-hearted co-operation of his daughter and son, Cliodhna and Phelim, it has been possible to put together Ronnie's work on his memoir along with his other writings, interviews with Cliodhna and Phelim, a wealth of photographs and other material from the family archive, and contributions from close friends, to create a book that is a wonderful portrait of, and a fitting and loving tribute to, the man Bono called 'the king of Ireland'.

Her famous memoir of her bouts with depression and skirmishes with drugs, *Prozac Nation* is a witty and sharp account of the psychopharmacology of an era for readers of *Girl, Interrupted* and Sylvia Plath's *The Bell Jar*.

**All The Songs** Aug 23 2020 **\*\*NOTE: EBOOK DOES NOT INCLUDE ANY IMAGES\*\*** Every album and every song ever released by the Beatles?from "Please Please Me" (U.S. 1963) to "The Long and Winding Road" (U.S. 1970)?is dissected, discussed, and analyzed by two music historians in this lively and fully illustrated work. *All the Songs* delves deep into the history and origins of the Beatles and their music. This first-of-its-kind book draws upon decades of research, as music historians Margotin and Guesdon recount the circumstances that led to the composition of every song, the recording process, and the instruments used. Here, we learn that one of John Lennon's favorite guitars was a 1958 Rickenbacker 325 Capri, which he

bought for £100 in 1960 in Hamburg, Germany. We also learn that "Love Me Do," recorded in Abbey Road Studios in September 1962, took 18 takes to get right, even though it was one of the first songs John and Paul ever wrote together. And the authors reveal that when the Beatles performed "I Want to Hold Your Hand" on The Ed Sullivan Show in 1964, John's microphone wasn't turned on, so viewers heard only Paul singing. *All the Songs* is the must-have Beatles book for the any true Beatles fan.

**Cure Unknown** Jul 22 2020 The groundbreaking, award-winning investigation into Lyme disease—the science, history, medical politics, and patient experience—now with a brand new chapter. When Pamela Weintraub, a science journalist, learned that her oldest son tested positive for Lyme disease, she thought she had found an answer to the symptoms that had been plaguing her family for years—but her nightmare had just begun. Almost everything about Lyme disease turned out to be deeply controversial, from the microbe causing the infection, to the length and type of treatment and the kind of practitioner needed. On one side of the fight, the scientists who first studied Lyme describe a disease transmitted by a deer tick that is hard to catch but easy to cure no matter how advanced the case. On the other side, rebel doctors insist that Lyme and a soup of "co-infections" cause a complicated spectrum of illness often dramatically different – and far more difficult to treat – than the original researchers claim. Instead of just swollen knees and a rash, patients can experience exhaustion, disabling pain, and a "Lyme fog" that leaves them dazed and confused. As patients struggle for answers, once-treatable infections become chronic. In this nuanced picture of the intense controversy and crippling uncertainty surrounding Lyme disease, Pamela Weintraub sheds light on one of the angriest medical

disputes raging today. The most comprehensive book ever written about the past, present and future of Lyme disease, *Cure Unknown* exposes the ticking clock of a raging epidemic and the vulnerability we all share.

**To Kill or Not to Kill** Oct 05 2021 Euthanasia emerged as a talking point for progressives and secularists in the West in the 1960s. Given that they simply appropriated (without anyone's permission) control of national and private broadcasters, newspapers and university faculties, it became, *eo ipso*, a matter of public controversy. Other modish enthusiasms of that period - sexual licentiousness and psychotropic drugs for example - have long been abandoned, but the quest for legislative sanctioning of the killing of the old and infirm and distressed never abated; not a parliamentary year passed in one of the Australian States, it seemed, or even at Commonwealth level, but another bill was placed on the notice paper. Well, in the states of Victoria and Western Australia, that bill is now an act as it is in Canada, various states in the USA, The Netherlands, Belgium and other nation states. It has remained an Article of Faith for the left throughout all of the decades of post-modernity - just like that other form of authorised killing: abortion. Why is this? What is it about these issues that evoke in the minds and imaginations of liberals and leftists an almost millenarian enthusiasm? It required a scholar of Father Fleming's insight and experience to provide us with the explanation, in this, the latest and, in my view, most important of his publications. His answer takes us to a close examination of the real legacy of the enlightenment, and it is not the benign and rational one that generations of us have been taught to believe in our schools. His careful unravelling of the three centuries of the secular project from Rousseau to Safe-Schools can leave us in no doubt as to what comes next if we don't stand up for the Christian inheritance of our

institutes. It was always about power. And power always ends up being about persecution. Father Fleming has been a priest, a broadcaster, a controversialist and a scholar in his long and distinguished journey through public life. His book will be essential reading for the many Christian folk of all denominations who now understand that our age will be one that will call upon them to be soldiers as well as servants for the church. - Stuart H Lindsay, barrister and former federal circuit court judge

**The First Binding** Aug 15 2022 All legends are born of truths. And just as much lies. These are mine. Judge me for what you will. But you will hear my story first. I buried the village of Ampur under a mountain of ice and snow. Then I killed their god. I've stolen old magics and been cursed for it. I started a war with those that walked before mankind and lost the princess I loved, and wanted to save. I've called lightning and bound fire. I am legend. And I am a monster. My name is Ari. And this is the story of how I let loose the first evil. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Robert Graves May 20 2020 Robert Graves (1895-1985) was one of the greatest poets and polymaths of the twentieth century, whose long life matched the intensity of his imaginative output. From his distinguished exploits in the First World War, described in his memoir *GOODBYE TO ALL THAT*, to his dramatic relationships with women, most notably the American poet and essayist Laura Riding, his life was one of extremes: he sought pain, took huge emotional risks, and lived as if each day were his last. First published to mark the centenary of his birth, Miranda Seymour's acclaimed biography was written with the full co-operation of the Graves family. Her interviews and correspondence with many people who have not previously discussed Graves in public contribute to a rich and complex portrait of a troubled man and a great creative artist. "I have never been able to understand the contention that a poet's life is irrelevant to his work," Graves said. Miranda Seymour puts Graves's statement to the test in this superb biography and, thrillingly, demonstrates its validity.

It is the only book to tell the stories, many unfamiliar even to his most fervent fans, behind the more than 500 songs he has released over the span of his career. Organized chronologically by album, Margotin and Guesdon detail the origins of his melodies and lyrics, his process in the recording studio, the instruments he used, and the contribution of a myriad of musicians and producers to his canon.

*Invisible Now: Bob Dylan in the 1960s* Apr 11 2022 *Invisible Now* describes Bob Dylan's transformative inspiration as artist and cultural figure in the 1960s. Hughes identifies Dylan's creativity with an essential imaginative dynamic, as the singer perpetually departs from a former state of inexpression in pursuit of new, as yet unknown, powers of self-renewal. This motif of temporal self-division is taken as corresponding to what Dylan later referred to as an artistic project of 'continual becoming', and is explored in the book as a creative and ethical principle that underlies many facets of Dylan's appeal. Accordingly, the book combines close discussions of Dylan's mercurial art with related discussions of his humour, voice, photographs, and self-presentation, as well as with the singularities of particular performances. The result is a nuanced account of Dylan's creativity that allows us to understand more closely the nature of Dylan's art, and its links with American culture.

*Bob Dylan* Jan 20 2023 Offers a historical look at the life and career of Bob Dylan from four perspectives: his relationship to blackness, the influence of his singing style, his image on film, and his songwriting.

**Discovering Dylan Thomas** Mar 30 2021

*Discovering Dylan Thomas* is a companion to Dylan Thomas's published and notebook poems.

It includes hitherto-unseen material contained in the recently-discovered fifth notebook, alongside poems, drafts and critical material including summaries of the critical reception of individual poems. The introductory essay considers the task of editing and annotating Thomas, the reception of the *Collected Poems* and the state of the Dylan Thomas industry, and the nature of Thomas's reading, 'influences', allusions and intertextuality. It is followed by supplementary poems, including juvenilia and the notebook poems 'The Woman Speaks', original versions of 'Grief thief of time' and 'I followed sleep', and 'Jack of Christ', all of which were omitted from the *Collected Poems*. These are followed by annotations beginning with a discussion of Thomas's juvenilia, and the relationship between plagiarism and parody in his work; poem-by-poem entries offer glosses, new material from the fifth notebook, critical histories for each poem, and variants of poems such as 'Holy Spring' and 'On a Wedding Anniversary' (including a magnificent, previously unpublished first draft of 'A Refusal to Mourn'). The closing appendices deal with text and publication details for the collections Thomas published in his lifetime, the provenance and contents of the fifth notebook, and errata for the hardback edition of the *Collected Poems*.

**Double Drink Story** Dec 19 2022 From the moment they met at a pub in London, drink was the most conspicuous part of the lives of Caitlin and her ls"genius poet', Dylan Thomas. It fuelled their sexual adventures, lessened their shyness and enriched their social life. This searing book is Caitlin's story of the passions, the rage and the tragic humour of those years of drink and the toll it took on the lives of two talented people, leaving one of them dead at the age of thirty-nine, and the other alone, penniless and an alcoholic. It is also the memoir of a woman not always likeable, but consistently energetic and honest and possessing an indomitable spirit.

**Participation in America** Sep 16 2022 Participation in America represents the largest study ever conducted of the ways in which citizens participate in American political life. Sidney Verba and Norman H. Nie addresses the question of who participates in the American democratic process, how, and with what effects. They distinguish four kinds of political participation: voting, campaigning, communal activity, and interaction with a public official to achieve a personal goal. Using a national sample survey and interviews with leaders in 64 communities, the authors investigate the correlation between socioeconomic status and political participation. Recipient of the Kammerer Award (1972), Participation in America provides fundamental information about the nature of American democracy.

*Bound for Glory* Feb 21 2023 First published in 1943, this autobiography is also a superb portrait of America's Depression years, by the folk singer, activist, and man who saw it all. Woody Guthrie was born in Oklahoma and traveled this whole country over—not by jet or motorcycle, but by boxcar, thumb, and foot. During the journey of discovery that was his life, he composed and sang words and music that have become a national heritage. His songs, however, are but part of his legacy. Behind him

Woody Guthrie left a remarkable autobiography that vividly brings to life both his vibrant personality and a vision of America we cannot afford to let die. "Even readers who never heard Woody or his songs will understand the current esteem in which he's held after reading just a few pages... Always shockingly immediate and real, as if Woody were telling it out loud... A book to make novelists and sociologists jealous." —The Nation

**Homeward Bound** Sep 04 2021 A revelatory account of the life of beloved American music icon, Paul Simon, by the bestselling rock biographer Peter Ames Carlin To have been alive during the last sixty years is to have lived with the music of Paul Simon. The boy from Queens scored his first hit record in 1957, just months after Elvis Presley ignited the rock era. As the songwriting half of Simon & Garfunkel, his work helped define the youth movement of the '60s. On his own in the '70s, Simon made radio-dominating hits. He kicked off the '80s by reuniting with Garfunkel to perform for half a million New Yorkers in Central Park. Five years later, Simon's album "Graceland" sold millions and spurred an international political controversy. And it doesn't stop there. The grandchild of Jewish emigrants from Galicia in the Austro-Hungarian empire, the 75-year-old singer-songwriter has not only sold more than 100 million records, won 15 Grammy awards and been installed into the Rock 'n' Roll Hall of Fame twice, but has also animated the meaning—and flexibility—of personal and cultural identity in a rapidly shrinking world. Simon has also lived one of the most vibrant lives of modern times; a story replete with tales of Carrie Fisher, Leonard Bernstein, Bob Dylan, Woody Allen, Shelley Duvall, Nelson Mandela, drugs, depression, marriage, divorce, and more. A life story with the scope and power of an epic novel, Carlin's Homeward Bound is the first major biography of one of the most influential popular artists in American history.
