The Forest Unseen Aug 09 2021 A biologist reveals the secret world hidden in a single square meter of old-growth forest—a finalist for the Pulitzer Prize and the Pen/E.O. Wilson Literary Science Writing Award Combining elegant writing with scientific expertise, *The Forest Unseen* "injects much-needed vibrancy into the stuffy world of nature writing" (Outside, "The Outdoor Books That Shaped the Last Decade") In this wholly original book, biologist David Haskell uses a one-square-meter patch of old-growth Tennessee forest as a window onto the entire natural world. Visiting it almost daily for one year to trace nature's path through the seasons, he brings the forest and its inhabitants to vivid life. Each of this book's short chapters begins with a simple observation: a salamander scuttling across the leaf litter; the first blossom of spring wildflowers. From these, Haskell spins a brilliant web of biology and ecology, explaining the science that binds together the tiniest microbes and the largest mammals and describing the ecosystems that have cycled for thousands- sometimes millions-of years. Each visit to the forest presents a nature story in miniature as Haskell elegantly teases out the intricate relationships that order the creatures and plants that call it home. Written with remarkable grace and empathy, *The Forest Unseen* is a grand tour of nature in all its profundity. Haskell is a perfect guide into the world that exists beneath our feet and beyond our backyards.

Haskell in Depth Jul 08 2021 Haskell in Depth unlocks a new level of skill with this challenging language. Going beyond the basics of syntax and structure, this book opens up critical topics like advanced types, concurrency, and data processing. Summary Turn the corner from "Haskell student" to "Haskell developer." Haskell in Depth explores the important language features and programming skills you'll need to build production-quality software using Haskell. And along the way, you'll pick up some interesting insights into why Haskell looks and works the way it does. Get ready to go deep! Purchase of the print

book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the technology Software for high-precision tasks like financial transactions, defense systems, and scientific research must be absolutely, provably correct. As a purely functional programming language, Haskell enforces a mathematically rigorous approach that can lead to concise, efficient, and bug-free code. To write such code you'll need deep understanding. You can get it from this book! About the book Haskell in Depth unlocks a new level of skill with this challenging language. Going beyond the basics of syntax and structure, this book opens up critical topics like advanced types, concurrency, and data processing. You'll discover key parts of the Haskell ecosystem and master core design patterns that will transform how you write software. What's inside Building applications, web services, and networking apps Using sophisticated libraries like lens, singletons, and servant Organizing projects with Cabal and Stack Error-handling and testing Pure parallelism for multicore processors About the reader For developers familiar with Haskell basics. About the author Vitaly Bragilevsky has been teaching Haskell and functional programming since 2008. He is a member of the GHC Steering Committee. Table of Contents PART 1 CORE HASKELL 1 Functions and types 2 Type classes 3 Developing an application: Stock quotes PART 2 INTRODUCTION TO APPLICATION DESIGN 4 Haskell development with modules, packages, and projects 5 Monads as practical functionality providers 6 Structuring programs with monad transformers PART 3 QUALITY ASSURANCE 7 Error handling and logging 8 Writing tests 9 Haskell data and code at run time 10 Benchmarking and profiling PART 4 ADVANCED HASKELL 11 Type system advances 12 Metaprogramming in Haskell 13 More about types PART 5 HASKELL TOOLKIT 14 Data-processing pipelines 15 Working with relational databases 16 Concurrency

Murder at Mullings Apr 17 2022 A 1930s housekeeper stars in "an Agatha Christie-like whodunit with touches of Olde World England and a soupçon of romance" (Booklist). In its three-hundred-year history, there has never once been a scandal at Mullings, ancestral home of the decent but dull Stodmarsh family. Until, that is, Edward Stodmarsh makes an ill-advised second marriage to the scheming Regina Stapleton, who insists on bringing her family's "ornamental hermit" to live on the estate. Suddenly everyone wants to visit Mullings to glimpse this mysterious figure. Strange but harmless, thinks Florence Norris, the family's longstanding housekeeper. But events take a sinister turn with the arrival of sudden, violent death—and suddenly the hermit doesn't seem so harmless after all... "Fans of mannered English mysteries will likely not be disappointed."—Chicago Tribune "Strong characters...this mix of romance and crime will appeal to a wide range of readers."—Booklist **The Thin Woman** Feb 27 2023 In the delectable debut that earned

her instant acclaim, award-winning author Dorothy Cannell serves up a murder mystery to be savored. . . Ellie Simons longs to be thin—and married. But with her single-minded passion for éclairs and clotted cream, her prospects on both counts seem dim. That's why the summons to attend a family reunion at the old ancestral home is about as welcome as a snakebite. How can she show up with her embarrassingly full figure in her humble unmarried state and keep her chins up? Enter Bentley T. Haskell of Eligibility Escorts, a devastatingly attractive writer of smutty novels who also cooks like a dream. With Bentley posing as her besotted beau, Ellie feels brave enough to beard her batty relations in their den. . . . But mouldering Merlin's Court is nothing like Ellie remembers, and with her wretchedly beautiful cousin Vanessa making eyes at Ben, and her malevolent old uncle Merlin popping up in the most unexpected places, it's enough to put Ellie off her food. And the best—and worst—is yet to come, as the weekend leads to sudden death, unexpected romance, and a treasure hunt that promises epicurean Ellie wealth, hearth, and happiness . . . if she survives. Praise for *The Thin Woman* "[Dorothy] Cannell makes a delicious debut; discriminatory whodunit fans will want more of her inventions."—Publishers Weekly "A likable debut—combining fairy-tale romance, treasure hunts, and a homicidal mania."—Kirkus Reviews **The Importance of Being Ernestine** Jul 20 2022 Ellie Haskell becomes drawn into a mystery with her moonlighting housekeeper when a modish matriarch reports that the surviving daughter of a late ex-employee may be seeking revenge by killing off her mother's former employers and their descendants. *How to Murder the Man of Your Dreams* Nov 24 2022 Life has been hectic in the Haskell household, but a lull in household affairs should allow Ellie time enough to slim down, pick up the threads of her interior design career, and kick the romance-reading habit that keeps her from her marital boudoir. But murder rears its ugly head when the body of the Chitterdon Fells librarian found sprawled among the library stacks. The only positive side of the untimely demise is the arrival of male romance cover model, Karisma, come to town to strut his tawny mane and sun-bronzed muscles for a fund-raiser in the late lamented librarian's name. But when hunky Karisma's entourage is poisoned, and the spouse of a Library League newlywed dies mysteriously, fantasy life careens toward a collision course with reality. Ellie must find a clever killer before she meets a sinister and decidedly unromantic fate! Fizzing with deadly wit and outrageous secrets, *How To Murder The Man Of Your Dreams* is a mystery to swoon for.

Withering Heights Aug 29 2020 Heading for her young cousin Ariel's delightfully Gothic mansion on the Yorkshire moors, Ellie Haskell discovers that a mysterious villain is stalking the house's picturesque

halls.

Square Grouper Feb 03 2021 Key West now has its own Travis McGee, a ne'er do well Navy SEAL dropout, Ernesto 'Finn' Pilar. If you love John D McDonald and Carl Hiassen mysteries you are going to love Square Grouper. For fans of Key West murder mysteries, laugh out loud funny storytelling and great characters, this book delivers.

Authentic locations, great humor and compelling action, Key West author Lewis C. Haskell has captured the traditions of South Florida writers with a first novel that was a finalist for the Key West Mystery Writers 'Jeremiah Healy' Award. Here is your next winter vacation beach read.

Magnetic Mansion Apr 05 2021 This is the story of a majestic old mansion built high up in the Irish Hills of Southern Michigan. It was purchased from the state when the builder, who had lived there in seclusion for over sixty years died without a will. As soon as the new owners, Zack and Peggy Sue Heikel moved in, they experienced strange happenings that would eventually lead them to discover a huge old safe hidden in a room in the basement. In the safe were many wierd and fasinating items, fifty-seven canvas bags containing thousands of greenbacks, old weapons, jewelery and a jar containing nine severed human fingers, three with strange rings still attached to the bony ditits. The Heikel's would go on for nine years trying to find the meaning of these things found in the safe and when they do they have life changing events that send them fleeing for their very lives. This tale of terror is based on a TRUE story which in the end of the series results in an untimely death. Only the author knows which of the events are TRUE and which are not, but surprisingly, MOST ARE TRUE.

Death in Pieces Jun 07 2021 He sends you the clues... and leaves his victims in pieces. When forensic psychologist Harriet Quinn receives the random pieces of a jigsaw puzzle, she knows they hold the key to identifying a sadistic killer's next victim. A victim who hasn't yet been taken. Racing to identify the intended target, she realises that she has been chosen as Puzzle Master in a deadly game concocted by a twisted serial killer. Teaming up with DI Drew Haskell, she must put personal differences aside if she is to save a life. The second book in the Harriet Quinn series is a page-turning, explosive crime fiction thriller that you won't want to put down. For fans of LJ Ross, Val McDermid, JD Kirk, Chris Carter, Joy Ellis, Angela Marsons, Robert Bryndza, and Sally Rigby

Down the Garden Path Jun 19 2022 Tessa Fields was left on the doorstep of an English vicarage and adopted by the vicar and his wife. At 21 she's devised a plan to discover who her birth mother was. Her plan involves suitor Harry Harkness, and faking amnesia, and imposing on two elderly ladies. Amidst a cast of eccentric characters, Tessa is not entirely surprised by the bizarre murder she stumbles on. Mystery by Dorothy Cannell; originally published by St. Martin's Press

The Castle Behind Thorns Jan 02 2021 This magical adventure set in an enchanted castle surrounded by thorns tells a tale of the power of memory and story, forgiveness and strength, and the true gifts of craft and imagination. By the acclaimed author of The Princess Curse

and Handbook for Dragon Slayers, this original fantasy is perfect for fans of Gail Carson Levine, Karen Cushman, and Shannon Hale. When blacksmith apprentice Sand wakes up in a ruined castle, he has no idea how he got there, but the thorny brambles that surround the walls prevent him from leaving. As he begins to fix up the castle in order to survive, everything he touches somehow works better than it should. Then, as he continues to explore, Sand discovers the castle's secrets, including its long lost heir, Perrotte. Together they must fully repair the broken castle if they ever want to leave.

The Widows Club Oct 23 2022 Stylish, amusing, and deliciously wicked—a superb murder mystery from the acclaimed author of The Thin Woman Divorce can end a marriage. Murder can do it better. Meet Ellie Haskell, née Simons, thin woman, newlywed, potential murderess. Her life in charming Chitterton Fells promises nothing but endless bliss—until she meets two of the most cunning and unlikely private eyes ever to track down a diabolical killer. Misses Hyacinth and Primrose Tramwell of Flowers Detection Agency have been called in by a major insurance company to investigate the deplorably high incidence of sudden death among the married men of this picturesque municipality. The spinster sleuths soon discover that all the husbands had been unfaithful and their deaths neatly arranged by an enterprising social organization called The Widows Club. But to find the mastermind behind this insidious ring, the Tramwells need an unhappy and betrayed wife. Enter Ellie, who will endanger life and husband to join The Widows Club and arrange to have her dearly beloved . . . dead.

The Vejay Haskell Mysteries Jul 28 2020 A special three-in-one edition of Susan Dunlap's Vejay Haskell Mysteries, about an intrepid meter reader who solves the crimes that the police can't crack In An Equal Opportunity Death, Vejay Haskell is playing hooky from her job as an electric-meter reader in Henderson, California. She skirts around the edge of town, making her way to Frank's Place, a cozy saloon owned by her friend Frank Goulet. After two cups of hot buttered rum, they have an argument and she storms out into the pouring rain. But by the time she gets back to Frank's bar to apologize, he is dead. Vejay was seen leaving Frank's house in a huff, and her lack of an alibi combined with her suspicious sick day make her the number-one suspect. As the police close in on her, Vejay turns detective in search of Frank's real killer. It's a perilous task, but she has one advantage when she puts on her work clothes: Nobody ever notices the meter reader. In The Bohemian Connection, a clique of powerful conservatives called the Bohemian Club gathers for a confidential meeting in the backwoods town of Henderson, California. Though their activities are shrouded in secrecy, Henderson meter reader Vejay Haskell is about to get an all-too-close inside look. Searching the countryside for a coworker's missing niece, she finds the beautiful gymnast lying dead in the bottom of a sewer drain. The sheriff calls it an accident, but Vejay suspects the girl's death was connected to the Bohemian Club's unquenchable desire for drugs, booze, and prostitutes. Finding the killer will mean going head to head with the nation's fiercest politicians. And in The Last Annual Slugfest, it's time for Henderson's

regional festival honoring the normally detested California banana slug. Rather than eat crow, the area's local politicians atone for their sins by eating slug hot dogs, slug chili, and slug pie. This year, one dish will prove murderously foul. Edwina Henderson is the last of her family to live in the town that bears their name. A committed environmentalist, she is also the woman responsible for this year's slugfest, and will take her place at the judge's table. When a slug pizza knocks her flat, the crowd assumes it was just an especially gross slice. But when she doesn't get up, meter reader Vejay Haskell must confront the devious murder of the town's leading treehugger.

A Wicked Mercy Sep 22 2022 He's in your home... and you don't even know it. A spate of suicides sets the village of Tollby in North Yorkshire on edge. Although the police are convinced that these are open and shut cases, Forensic psychologist Harriet Quinn is certain the deaths are due to foul play. Her suspicions deepen when her own friend becomes one of the victims. Fighting the police's indifference, she sets out to prove that a murderer stalks the village. A murderer that her training tells her might be hiding in plain sight. Book One of the Harriet Quinn series is an explosive crime fiction series debut where murder and mystery take centre stage in this dark thriller. For fans of LJ Ross, Val McDermid, JD Kirk, Chris Carter, Joy Ellis, Angela Marsons, and Sally Rigby

The Trouble with Harriet Jan 26 2023 Ellie Haskell's prodigal father, Morley Simons, has landed in Chitterton Fells just when Ellie and husband Ben were about to vacation in France. Morley's luggage contains an urn with the ashes of his lady love, Harriet, to return to her relatives. As her father explains his relationship with the femme fatale Harriet, Ellie begins to suspect something is amiss. And when there's another fatal car accident... Cozy British Mystery by Dorothy Cannell; originally published by Viking/Penguin

The Mystery Guest Nov 19 2019 Bouillier presents a delightfully French memoir singled out by the "San Francisco Chronicle, Slate," and "New York Magazine" as a Best Book of the Year. This translation marks the English-language debut of an iconoclast who has attracted a passionate following in French literature.

Get Programming with Haskell Nov 12 2021 Summary Get Programming with Haskell leads you through short lessons, examples, and exercises designed to make Haskell your own. It has crystal-clear illustrations and guided practice. You will write and test dozens of interesting programs and dive into custom Haskell modules. You will gain a new perspective on programming plus the practical ability to use Haskell in the everyday world. (The 80 IQ points: not guaranteed.) Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the Technology Programming languages often differ only around the edges—a few keywords, libraries, or platform choices. Haskell gives you an entirely new point of view. To the software pioneer Alan Kay, a change in perspective can be worth 80 IQ points and Haskellers agree on the dramatic benefits of thinking the Haskell way—thinking functionally, with type safety, mathematical certainty, and more. In this hands-on book, that's exactly what you'll learn to do. What's Inside Thinking in

Haskell Functional programming basics Programming in types Real-world applications for Haskell About the Reader Written for readers who know one or more programming languages. Table of Contents Lesson 1 Getting started with Haskell Unit 1 - FOUNDATIONS OF FUNCTIONAL PROGRAMMING Lesson 2 Functions and functional programming Lesson 3 Lambda functions and lexical scope Lesson 4 First-class functions Lesson 5 Closures and partial application Lesson 6 Lists Lesson 7 Rules for recursion and pattern matching Lesson 8 Writing recursive functions Lesson 9 Higher-order functions Lesson 10 Capstone: Functional object-oriented programming with robots! The Princess Curse Sep 29 2020 Merrie Haskell's middle-grade fantasy novel *Princess Curse* is an imaginative retelling of the fairy tales *The Twelve Dancing Princesses* and *Beauty and the Beast*. In the fifteenth-century kingdom of Sylvania, the prince offers a fabulous reward to anyone who cures the curse that forces the princesses to spend each night dancing to the point of exhaustion. Everyone who tries disappears or falls into an enchanted sleep. Thirteen-year-old Reveka, a smart, courageous herbalist's apprentice, decides to attempt to break the curse despite the danger. Unravelling the mystery behind the curse leads Reveka to the Underworld, and to save the princesses, Reveka will have to risk her soul. *Princess Curse* combines magic, suspense, humor, and adventure into a story perfect for fans of Gail Carson Levine.

Promises I Made My Mother Dec 21 2019 What would my mother say? How would she want me to handle this situation? How can I make

this tough decision and stay true to myself? What would my mother say? Sam Haskell still asks himself these questions every day. When Haskell was young, his devoted mother, Mary, instilled in her son the values of character, faith, and honor by setting an example and asking him to promise to live his life according to her lessons. He did, and those promises have served Haskell consistently from his Mississippi boyhood to his long career at the venerable William Morris Agency in Beverly Hills. In this inspiring memoir full of touching stories and amusing anecdotes, Haskell reveals how he kept his pledge to his mother to live a decent life—even in the shark-infested waters of Hollywood, where he handled the hottest stars and packaged the highest-rated shows—by refusing to become the cliché of an amoral agent. Here is Haskell as a child in Amory, Mississippi (pop. 7,000), discovering the power of hope as he waits for an unlikely visit from the “Cheer Man” (a representative of the detergent company who gave ten dollars to anyone using the brand), learning humility after pursuing an eighth-grade “Good Citizenship” award he cockily assumed he’d win, confronting the complications of human character when a near-fatal car crash exposed his judgmental father’s true nature. Years later, in Hollywood, Haskell would rely on his mother’s teachings—honesty, self-reliance, and belief in God—as he swiftly rose from the William Morris mailroom to eventually become the company’s Worldwide Head of Television. His capacity for friendship and his insistence on living his version of the Golden Rule (being “thoughtfully political”) allowed him to handle various client crises and the tense negotiations that nearly scuttled the last years of *Everybody Loves Raymond* and the entire existence of *The Fresh Prince of Bel-Air*. Haskell has achieved success through self-respect, and from his story we learn how we, too, can maintain our dignity when faced with life’s challenges. This stirring memoir is a testament to mothers everywhere who instill in their sons the lasting values they need to become good men and devoted fathers.

Spooky Cemeteries Jun 26 2020 Tour some of the world's most famous haunted places in *Spooky Cemeteries*. Young readers will learn about the history, eerie occurrences, and public reactions to several spooky sites. The book also provides historic context and scientific facts that explain what is really going on. Dynamic photos and illustrative details will make readers feel as though they've just visited each hair-raising locale! Big Buddy Books is an imprint of Abdo Publishing, a division of ABDO.

Moist Oct 31 2020 A Los Angeles slacker becomes apprentice to a crime lord in this “dark and mordantly funny” rampage through the gutters of *La La Land* (T. C. Boyle). What could cause Bob to give up his cushy job at a pathology lab where he can play Tetris and surf the Web whenever he wants? Why on earth would he walk out on his beautiful girlfriend, a professional masturbation coach? What could induce him to risk his life by masquerading as a kingpin in the Los Angeles Mexican mafia? An erotic tattoo—the Mona Lisa of erotic tattoos—painted on a severed arm, which lands in Bob’s lap one fateful morning. Bob has fallen for the woman in ink, but he’s not the only one who wants the beefy limb. There’s the telenovela-addicted mobster who lost it; the jefe who needs to keep it away from the police; a

backstabbing, cannabis-loving Wharton grad; and a wine snob LAPD detective who knows the arm is the evidence he needs to bring down the entire Mexican mafia. And all the while Bob is holding onto it for dear life. As potent as a double-shot margarita, *Moist* “blend[s] fresh characters, snappy patter, sex, a mind bender of a plot, and a little more sex . . . [in] a killer cocktail of a first novel” (John Ridley).

“Process Carl Hiaasen’s *South Florida* through an Elmore Leonard filter, then shake well and pour over Los Angeles . . . a terrifically engaging and wonderfully bizarre caper novel.” —Jeremiah Healy, Shamus Award-winning author “*The hard-boiled Los Angeles of Raymond Chandler and James Ellroy spun out in brighter-than-life Starburst colors.*” —Los Angeles Times

Russian Roulette Dec 25 2022 The FIRST in the Dev Haskell series, *Russian Roulette* is an entertaining tale of intrigue, rank ineptitude and one night stands. Dysfunctional Private Investigator, Dev Haskell wakes up in bed with his latest client only to learn she's signed him up with the Russian mob. Their 'special' relationship quickly finds Dev at odds with the local police and an FBI task force. In the process Dev is forced to place one foot on both sides of the law. Another fast paced, engrossing suspense thriller from Minnesota's Master of the Bizarre, Mike Faricy

The Story of the Seer of Patmos Dec 01 2020

Maiden Flight Mar 04 2021 *Maiden Flight* is the true-life story of the Wright sister who in 1926 left her world-famous and intensely possessive older brother to marry newspaper editor Harry Haskell, the man she loved, and suffered the unhappy consequences. An international celebrity in her own right, Katharine embodied the worldly, independent, and self-fulfilled New Woman of the early twentieth century. Yet she remained in many ways a Victorian. Torn between duty and love, she agonized for months before making her devastating break with Orville at age fifty-two. Cast in the form of three interwoven first-person memoirs, *Maiden Flight* is imaginatively reconstructed from personal letters, newspaper reports, and other documents of the period—in particular, Katharine’s lively and extraordinarily revealing love letters to Harry. In allowing Katharine to step outside of Wilbur and Orville’s shadow, it sheds new light on the central role she played in their private lives, as well as on her often misunderstood contribution to their scientific work. Above all, *Maiden Flight* celebrates Katharine’s abundant store of what she called “human nature”—her lively and perceptive outlook on life, her great capacity for both love and indignation, and her acute and sometimes crippling self-awareness.

Space Colony One Books 1 - 3 Apr 24 2020 Terror stalks a new world colony. After nearly two hundred years’ space travel, humanity’s first deep space colony expedition has arrived at its new home. Ethan, the descendant of six generations who lived and died aboard ship, treads on soil and feels the wind and rain for the first time. But the new planet is not the paradise the scientists predicted. Alien predators lurk beyond the camp’s perimeter, and stowaway saboteurs are determined no one will survive. Tensions in the new colony rise, and Ethan must fight to preserve the last hope of humankind. Download books 1 to 3

Keywords: genetic engineering fiction genes, first Contact war, thriller & suspense action fiction, technothriller techno thriller, genocide, rescue mission, science fiction series, thriller series, battle, internment, alien predator, star book, sifi books, building empire, syfy, space opera books, alien planet survival, galaxy's edge, space warfare survivor, alien world, survive in space. Science fiction in the tradition of Frank Herbert, Lois McMaster Bujold, Andre Norton, Alastair Reynolds, and Adrian Tchaikovsky.

The Quiche of Death Oct 11 2021 The first book in M. C. Beaton's New York Times bestselling Agatha Raisin series—now a hit show on Acorn TV and public television. Putting all her eggs in one basket, Agatha Raisin gives up her successful PR firm, sells her London flat, and settles in for an early retirement in the quiet village of Carsely. But she soon finds her life of leisure isn't all it's cracked up to be. Bored, lonely, and used to getting her way, she enters a local baking contest: Surely a blue ribbon for the best quiche will make her the toast of the town. But her recipe for social advancement sours when the judge, Mr. Cummings-Browne, not only snubs her entry but also falls over dead! After her quiche's secret ingredient turns out to be poison, she must reveal the unsavory truth. . . . That is, Agatha has never baked a thing in her life! In fact, she bought her entry ready-made from an upper-crust London quicherie. Grating on the nerves of several Carsely residents, she is soon receiving sinister notes. Has her cheating and meddling landed her in hot water, or are the threats related to the suspicious death? It may mean the difference between egg on her face and a coroner's tag on her toe. . . . The Quiche of Death, the first book in this beloved series, is now a Minotaur Signature Edition, complete with a discussion guide and essay by the author.

Handbook for Dragon Slayers Feb 21 2020 Like Gail Carson Levine's books, Merrie Haskell's middle grade fantasy adventure Handbook for Dragon Slayers mixes magic, mythical creatures, thrilling action, and a wonderful cast of characters. Political upheaval sends Princess Tilda fleeing from her kingdom in the company of two hopeful dragon slayers. The princess never had any interest in chasing dragons. The pain from her crippled foot was too great, and her dream was to write a book. But the princess finds herself making friends with magical horses, facing the Wild Hunt, and pointing a sword at fire-breathing dragons. While doing things she never imagined, Tilda finds qualities in herself she never knew she possessed. Handbook for Dragon Slayers is a deeply satisfying coming-of-age tale wrapped in a magical adventure story.

American Purgatorio Sep 10 2021 A mesmerizing first novel about a man, a woman, and a disappearance. "I'm from Chicago originally. I went to New York, married a girl named Anne, and was in the middle of living happily ever after when something happened." So begins John Haskell's mesmerizing first novel, American Purgatorio, the story of a happily married man who discovers, as he walks out of a convenience store, that his life has suddenly vanished. In cool, precise prose, written as both a detective story and a meditation on the seven deadly sins, Haskell tells a story that is by turns tragic and comic,

compassionate and gripping. From the brownstones of New York City to the sandy beaches of Southern California, American Purgatorio follows the journey of a man whose object of desire is both heartbreaking and ephemeral. It confirms John Haskell's reputation as one of our most intriguing new writers, "one of those rare authors who makes language seem limitless in its possibilities" (Susan Reynolds, Los Angeles Times).

Sounds Wild and Broken Oct 19 2019 A finalist for the 2023 PEN/E.O. Wilson Literary Science Writing Award "[A] glorious guide to the miracle of life's sound." —The New York Times Book Review A lyrical exploration of the diverse sounds of our planet, the creative processes that produced these marvels, and the perils that sonic diversity now faces We live on a planet alive with song, music, and speech. David Haskell explores how these wonders came to be. In rain forests shimmering with insect sound and swamps pulsing with frog calls we learn about evolution's creative powers. From birds in the Rocky Mountains and on the streets of Paris, we discover how animals learn their songs and adapt to new environments. Below the waves, we hear our kinship to beings as different as snapping shrimp, toadfish, and whales. In the startlingly divergent sonic vibes of the animals of different continents, we experience the legacies of plate tectonics, the deep history of animal groups and their movements around the world, and the quirks of aesthetic evolution. Starting with the origins of animal song and traversing the whole arc of Earth history, Haskell illuminates and celebrates the emergence of the varied sounds of our world. In mammoth ivory flutes from Paleolithic caves, violins in modern concert halls, and electronic music in earbuds, we learn that human music and language belong within this story of ecology and evolution. Yet we are also destroyers, now silencing or smothering many of the sounds of the living Earth. Haskell takes us to threatened forests, noise-filled oceans, and loud city streets, and shows that sonic crises are not mere losses of sensory ornament. Sound is a generative force, and so the erasure of sonic diversity makes the world less creative, just, and beautiful. The appreciation of the beauty and brokenness of sound is therefore an important guide in today's convulsions and crises of change and inequity. Sounds Wild and Broken is an invitation to listen, wonder, belong, and act.

She Shoots to Conquer Feb 15 2022 Ellie Haskell, the beloved heroine of The Thin Woman, is stuck on a reality TV set. And, as the "thoroughly entertaining series" (Cosmopolitan) from Agatha Award nominee Dorothy Cannell continues, this cast is dying for their fifteen minutes. A dark foggy night. A big spooky mansion. And a reality TV dating show? It's not exactly the scene Ellie Haskell expects to find while stranded near the Yorkshire moors with her husband, Ben, and their plucky housekeeper, Mrs. Malloy—who promptly signs up as a contestant when she learns that the bachelorettes are competing for the affections of Lord Belfry himself. Then again, maybe Ellie shouldn't be so surprised. Some women would kill to marry a lord . . . perhaps literally. Even before the shooting starts, one would-be bride is knocked out of the game by a fatal car wreck. Then another is struck by Cupid's arrow in an archery event. Ellie is beginning to suspect that

murder is a grim inevitability on this doomed production. Somewhere in the dark passageways and hidden nooks of Mucklesfeld Manor, another life is about to be canceled—but Ellie will do anything to ensure that she and her friends make it back to reality unscathed. Praise for She Shoots to Conquer "Hilarious and always engaging sleuth Ellie Haskell is back—always a good thing for the health of British cozies."—Booklist "A delight . . . A satire on the gothic suspense novel, She Shoots to Conquer is also an engaging mystery, as the deft and talented Cannell proves again that hilarity and horror can meet."—Kirkus Reviews Praise for Dorothy Cannell and the Ellie Haskell series "It is the absurd predicaments of her central characters that readers find themselves recalling, and Cannell is cunning at devising outlandish situations for them."—Chicago Sun-Times "Cannell is a master of subtle wit and humorous asides that lift her cozies to great heights. Before the influx of writers trying to out-humor Janet Evanovich, there was Dorothy Cannell. Long may she write!"—Library Journal

Bridesmaids Revisited Aug 21 2022 In this "entertaining gothic tale" (Chicago Sun-Times) that "reads like Wuthering Heights on steroids" (Publishers Weekly), amateur sleuth Ellie Haskell gets caught up in the drama of a trio of ancient spinsters—and the ghosts of murder past. "Rosemary, Thora, and Jane lived at the end of the lane, one was thin, one was fat, and one was very plain." This is how Ellie Haskell remembers her grandmother's three childhood friends, known collectively as "the bridesmaids." Ellie once asked her mother where the nickname came from and her mother replied, "It's a long story, best forgotten." After all, every family has its secrets. Now, thirty years later, a letter from the bridesmaids arrives informing Ellie that her grandmother, Sophia, wishes to make contact. This might have been heartwarming news but for one small detail: Sophia is dead. Ellie sets out to visit the bridesmaids, expecting to set the record straight. What she gets is a life-changing journey into the unknown, from a séance and a hidden diary to a mysterious death that took place more than fifty years ago. Praise for Bridesmaids Revisited "Witty . . . [Dorothy] Cannell fleshes out an entertaining gothic tale, old-fashioned in structure, sprinkled with . . . wacky humor."—Chicago Sun-Times "The tale sometimes reads like Wuthering Heights on steroids. . . . Cannell's smooth narration and her appealing, smart-mouthed characters charm you into suspending disbelief. The result is a thoroughly delightful puzzle."—Publishers Weekly "Full of gothic touches and the ineffable sweetness of memory, this is clearly Cannell's best so far."—Booklist Praise for Dorothy Cannell and the Ellie Haskell series "A thoroughly entertaining series."—Cosmopolitan "It is the absurd predicaments of her central characters that readers find themselves recalling, and Cannell is cunning at devising outlandish situations for them."—Chicago Sun-Times "Cannell is a master of subtle wit and humorous asides that lift her cozies to great heights. Before the influx of writers trying to out-humor Janet Evanovich, there was Dorothy Cannell. Long may she write!"—Library Journal

If I Did It ... I Don't Remember Jan 22 2020

[Sea Glass Summer](#) Mar 24 2020 Recent divorcee Sarah Draycott moves to picturesque Seal Glass village where she helps a widow cope with her ill son, and assists a 9-year-old orphan uncover the secrets surrounding the mysterious Cully Mansion; and soon loves finds her when she least expects in.

[Murder at Mullings](#) Dec 13 2021 When there's a brutal murder at Mullings, ancestral home of the wealthy Stodmarsh family, housekeeper Florence Norris and local publican George Bird are determined to protect their nearest and dearest from suspicion. Could there be a connection with the mysterious 'ornamental hermit' who lives on the estate? It's up to Florence to find out.

[Mum's the Word](#) May 26 2020 Several pounds heavier—and gaining—blissful mother-to-be Ellie Haskell knows her days as a thin woman are numbered. Time to let out her clothes, put up her feet, and prepare to enjoy the next nine months as pampered wife. But the first pangs of morning sickness have barely passed when Ellie's handsome husband, Ben, is invited to compete for membership in the world's most exclusive secret society of chefs, and suddenly Ellie finds herself whisked off to America—to Mud Creek, Illinois—and to a gothic mansion straight out of a horror movie.

[100,000 First Bosses](#) Mar 16 2022 The underdog story of Will Haskell, who became a Democratic state Senator in 2018 at age twenty-two—taking on an incumbent who had been undefeated for Haskell's entire life and earning an endorsement from President Obama—and is determined to pave the way for his peers to transform government from the bottom up. President Obama left office with these parting words for Americans: “If you're disappointed by your elected officials, grab a clipboard, get some signatures, and run for office yourself.” Twenty-two-year-old Will Haskell decided to do just that. If he ran for office and won, he would become the youngest state Senator in Connecticut history. For years, Haskell's hometown had reelected the same politician who opposed passing paid family leave, fought increases in the minimum wage, and voted down expansions of voting rights. Haskell's own vision for Connecticut's future couldn't be more different, and he couldn't stand the idea of an uncontested election. In

2018, he would be a college grad looking for his first job. Why not state Senator? When Haskell kicks off his campaign in the spring of his senior year, he's an unknown college kid facing a popular incumbent who's been in office for over two decades—as long as Haskell's been alive. Haskell's campaign manager is his roommate and his treasurer is his girlfriend's mom. He doesn't have any professional experience. But he does have a powerful message: there's no minimum age to being on the right side of history. Six months later, Haskell's shocking upset victory gives him a historic seat in the state Senate and the responsibility to serve the 100,000 constituents in his district. Like any first job, his first term as a legislator is filled with trial and error. Creating a program that funds free tuition at Connecticut's community colleges—nice work. Falling asleep on the senate floor—needs improvement. In the tradition of Pete Buttigieg's Shortest Way Home and Greta Thunberg's No One Is Too Small to Make a Difference, 100,000 First Bosses is the story of how one twentysomething candidate waged the campaign of his young life, fought for change at the state capitol, and proved that his generation is ready to claim a seat at the table.

Real World Haskell May 06 2021 This easy-to-use, fast-moving tutorial introduces you to functional programming with Haskell. You'll learn how to use Haskell in a variety of practical ways, from short scripts to large and demanding applications. Real World Haskell takes you through the basics of functional programming at a brisk pace, and then helps you increase your understanding of Haskell in real-world issues like I/O, performance, dealing with data, concurrency, and more as you move through each chapter.

How to Murder Your Mother-In-Law May 18 2022 The award-winning author of Femmes Fatal and The Thin Woman serves up the ubiquitous mother-in-law joke family style—with death for the punch line. . . . Nothing like a live-in mother-in-law to reduce a woman to the role of junior housemaid. That's what Ellie Haskell discovers when her husband's parents have a row in the midst of their anniversary dinner, and mother Magdalene seeks refuge in Ellie's guest bedroom.

Suddenly Ellie is being driven round the bend by the woman's constant demands. Thank goodness for the other wives who also suffer the age-old mother-in-law curse. A chance meeting down at the Dark Horse pub finds them trading horror stories, and soon they're mixing gin and tonics with homicidal fantasies—a soupçon of poison here, a broken brake line there. All very therapeutic and no harm intended. At least, that's what Ellie thinks. . . . Praise for How to Murder Your Mother-in-Law “Vintage Cannell. . . . Dorothy Cannell is a master at creating wildly ludicrous characters and hilarious plots. . . . Her latest Ellie Haskell adventure only enhances her reputation.”—Booklist “Side-splitting!”—Rendezvous “Toxic and hilarious.”—Publishers Weekly *The Story of Daniel the Prophet* Jan 14 2022 The Book of Daniel is a prophecy given by God to Daniel 600 years before Christ that reaches clear down to the end of earth's history. It is especially applicable to our day, pointing out the immediate future. In *The Story of Daniel the Prophet*, a few of the interesting facts in regard to God's dealings with His people have been gathered into a simple narrative. This book is the result of much prayerful study. It is sent forth with an earnest prayer, that in the hands of the parents it may be the means of making the study of the Bible in the family a blessing to young and old; and that the teacher in the schoolroom may see precious rays of light flashing from its pages, pointing both teacher and pupil to the Great Divine Teacher. We trust that while its simplicity will attract many who might not be inclined to read a deep argumentative treatise, the most studious will find food for thought, and thus become better acquainted with the character of our Heavenly Father. Those who wish to enter into more comprehensive study, will find that the marginal references open up many veins of precious ore in the deep mines of God's Word. Throughout the entire book the special providence of God over those who are faithful to Him is brought out in clear contrast to the fate of those who ignore His guiding hand. The truth is the same, whether in the history of nations or individuals. As *The Story of Daniel the Prophet* goes forth on its mission of love for the Great Master, may it prove a blessing to all classes, young and old, rich and poor, learned and unlearned.
