Vols. 1-26 include a supplement: The University pulpit, vols. [1]-26, no. 1-661, which has separate pagination but is indexed in the main vol. The theory of semigroups is a relatively young branch of mathematics, with most of the

major results having appeared after the Second World War. This book describes the evolution of (algebraic) semigroup theory from its earliest origins to the establishment of a full-fledged theory. Semigroup theory might be termed 'Cold War mathematics' because of the time during which it developed. There were thriving schools on both sides of the Iron Curtain, although the two sides were not always able to communicate with each other, or even gain access to the other's publications. A major theme of this book is the comparison of the approaches to the subject of mathematicians in East and West, and the study of the extent to which contact between the two sides was possible. Each title contains 20 postcards (format 10.5 x 15 cm 41?2 x 6 inch) of superior 250gsm acid-free and age resistant drawing paper, printed with 20 exceptional designs in very light lines. The printing is done in such a way that, depending on the techniques used, the original outline will be hardly visible after colouring. 2 dolls, 32 authentic costumes worn in Provence, Bordeaux, Brittany, other French regions. Pierre Loti's novel Madame Chrysanthème (1888) enjoyed great popularity during the author's lifetime, served as a source

of Puccini's opera *Madama Butterfly*, and remains in print to this day as a classic in Western literature. Loti's story, cast in the form of his fictionalized diary, describes the affair between a French naval officer and Chrysanthème, a temporary "bride" purchased in Nagasaki. More broadly, Loti's novel helped define the terms in which Occidentals perceived Japan as delicate, feminine, and, to use one of Loti's favorite words, "preposterous"—in short, ripe for exploitation. The *Pink Notebook of Madame Chrysanthème* (1893) sought, according to a newspaper reviewer at the time, "to avenge Japan for the adjectives that Pierre Loti has inflicted on it." Written by Félix Régamey, a talented illustrator with firsthand knowledge of Japan, *The Pink Notebook* retells Loti's story but this time as the diary of Chrysanthème. The book, presented here in English for the first time and together with the original French text and illustrations by Régamey and others, is certainly surprising in its late nineteenth-century context. Its retelling of a classic tale from the position of a character marginalized by her sex and race provocatively anticipates certain aspects of postmodern literature. Translator Christopher Reed's rich and satisfying introduction compares Loti and Régamey in relation to attitudes toward Japan held by notable Japonistes Vincent van Gogh, Lafcadio Hearn, Edmond de Goncourt, and Philippe Burty. Reed provides further intellectual context by including new

translations of excerpts from Loti's novel as well as a portion of the travel journal of Régamey's travel companion, the renowned collector Emile Guimet. Reed's emphasis on competing Western ideas about Japan challenges conventional scholarly generalizations concerning Japonism in this era. This elegant translation of *The Pink Notebook* and Japoniste documents will delight both general and specialized readers, particularly those interested in the ambiguities in the dynamics of nationalism, gender, identification, and exploitation that, since the nineteenth century, have characterized the West's relationship to Japan. In *Watermarks in Paper from the South-West of France, 1560-1860* over 200 locally found watermarks are catalogued and described. "Report of the Dominion fishery commission on the fisheries of the province of Ontario, 1893", issued as an addendum to vol. 26, no. 7. *French Lined Paper Notebook* This French ruled notebook, known also as Sey Ruled paper, has lines 2 mm apart, with darker lines every 8 mm. 210 pages 8.5 X 11 High Gloss Cover "Report of the Dominion fishery commission on the fisheries of the province of Ontario, 1893", issued as vol. 26, no. 7, supplement. With his lifelong examination of the relation between freedom and equality in modern societies, Alexis de Tocqueville is the most widely shared icon of Franco-American political culture. Until now, his American readers have not been in a position to recognize the extent to which, even when his

ostensible subject was America, Tocqueville was engaging in hotly contested debates about French society and politics. Françoise Melonio's *Tocqueville and the French* allows for a clearer understanding of Tocqueville's writings by supplying their missing French context, from the time he wrote *Democracy in America* and *The Old Regime and the French Revolution* to the present. With its contextualization and interpretation of his works Tocqueville and the French will compel the attention of historians, sociologists, political scientists, and concerned citizens for whom Tocqueville remains perhaps the single most important interpreter of American society and culture. "Report of the Dominion fishery commission on the fisheries of the province of Ontario, 1893", issued as vol. 26, no. 7, supplement. This is the saga of the Fox (or Mesquakie) Indians' struggle to maintain their identity in the face of colonial New France during the late seventeenth and early eighteenth centuries. The Foxes occupied central Wisconsin, where for a long time they had warred with the Sioux and, more recently, had opposed the extension of the French firearm-and-fur trade with their western enemies. Caught between the Sioux anvil and the French hammer, the Foxes enlisted other tribes' support and maintained their independence until the late 1720s. Then the French treacherously offered them peace before launching a campaign of annihilation against them. The Foxes resisted valiantly, but finally were overwhelmed and took sanctuary

among the Sac Indians, with whom they are closely associated to this day. Examines the views of French newspapers regarding the American Civil War. Sixteen lovely legends, among them Brigitte Bardot, Juliette Binoche, Leslie Caron, Danielle Darrieux, and Catherine Deneuve. Biographical notes; costume descriptions.
