All the males are in heat, and the driving sexual lust of their beasts is almost uncontrollable. When Mika finds herself trapped in an alley, surrounded by four

horny werewolves, she knows she's in deep trouble. Until a tall, handsome werewolf rescues her then demands payment. Hot, sweaty, intimate payment. Grady is a half-breed whose human mother abandoned him to his werewolf father, so he knows human women just aren't safe to fall in love with. The wolf within him wants Mika as his mate, but Grady will not give in. Never. Ever. He's willing to fight his emotions and his beast, no matter how much sexy Mika tempts him. But neither of them expected her Uncle Omar to assign Grady to protect her from other males? 24/7, in her home, sleeping just down the hall. Mika decides to make the best of her vacation and keep the hot wolf in her bed. Grady can't resist the scorching sex, but he is determined to resist the bond. To escape her father's debt to a loan shark, Dizzy seeks refuge in the upcoming Grab. She'd rather belong to one of those terrifying sky warriors from the battleship Valiant than to the sleazy criminal who wants her as his plaything. The years of constant war haven't been kind to highly decorated sniper Venom. Only the promise of earning a wife kept him going through deadly battles. Catching and collaring Dizzy fills him with incredible hope. Finally he has a woman of his own, a mate to love--and bind and adorn with his ropes. After a brazen Splinter attack, the Shadow Force uncovers secrets about Dizzy's late mother that entangle her in a web of deceit. To save Venom, her father and an operative named Terror, Dizzy digs deep and risks it all. Venom refuses to stand idly by while Dizzy's haunted past threatens the future they're trying to build. He finally has a reason for living--and he's not giving her up. Sharon Farmer here investigates the ways in which three medieval communities—the town of Tours, the basilica of Saint-Martin there, and the abbey of Marmoutier nearby—all defined themselves through the cult of Saint Martin. She demonstrates how in the early Middle Ages the bishops of Tours used the cult of Martin, their fourth-century predecessor, to shape an idealized image of Tours as Martin's town. As the heirs to Martin's see, the bishops projected themselves as

the rightful leaders of the community. However, in the late eleventh century, she shows, the canons of Saint-Martin (where the saint's relics resided) and the monks of Marmoutier (which Martin had founded) took control of the cult and produced new legends and rituals to strengthen their corporate interests. Since the basilica and the abbey differed in their spiritualities, structures, and external ties, the canons and monks elaborated and manipulated Martin's cult in quite different ways. Farmer shows how one saint's cult lent itself to these varying uses, and analyzes the strikingly dissimilar Martins that emerged. Her skillful inquiry into the relationship between group identity and cultural expression illuminates the degree to which culture is contested territory. Farmer's rich blend of social history and hagiography will appeal to a wide range of medievalists, cultural anthropologists, religious historians, and urban historians.

Autumn thought she knew who she was then she discovered she was a rare type of dragon shifter called a Supreme Dragoon. Now she is heading to her new mate's home world to meet more of their kind. Nerves were to be expected, but Autumn is about to get more than she bargained for. Kirall always knew who he was, a Prime Dragoon, one of the strongest of his kind. He'd never doubted who he was or his place until he traveled to Earth and met her. Autumn descended from a line of Dragoon thought to have died out many millennia ago. Their mating changed all he'd been taught to believe. Together they will face challenges neither of them expected. With their mating threatened and everything Kirall holds dear in jeopardy, it's up to Autumn to show who really is the baddest Dragoon of them all. King Grim Vasteri is the strongest and most feared warrior in the Tornian Empire. He is the King of Luda, blood brother to the Emperor and his line will die with him. He will have no offspring for no female would Join with him, for once he was scarred he was considered 'unfit'. The Tornian Empire has been dying ever since the great infection caused the birth of females to become a rarity. Since then they have been searching

the known universes, for compatible females. The Emperor's discovery of a compatible female on a slave ship changed that. He has ordered Grim to find his Empress' home world so more 'unprotected' females could be obtained, knowing Grim would never be allowed to Join with one. Lisa Miller is a widowed mother of two little girls, Carly and Miki. Her husband died just a year ago, after a long battle with cancer and she misses him immensely. Friends want her to start dating again, but in her heart, she knows there isn't a man on the planet she could love like her Mark and who could love their girls as their own. Therefore, she'll stay alone. When Lisa is discovered 'unprotected' at her husband's grave site, she wakes on an alien ship heading for an alien world. Refusing to accept this she confronts the large alien males, demanding she be returned to her children. Seeing his chance to have a female, Grim agrees to accept and protect her offspring if she agrees to Join with him and only him. Realizing this is the only way she can retrieve her children, Lisa agrees and the Tornian Empire changes forever. Having been dirt poor all of my life, nothing could have prepared me for my current flight to a private island in the Bahamas on Trace Walker's, one of the three billionaire Walker brothers, private jet. I'd set out late this morning for my new job opportunity as personal assistant to my idol, Dane Walker, currently one of the top artists in the world. My entire worldly goods of five dollars was in my purse so I absolutely had to make this job work. This was also my opportunity to stop running for my life with a great place to hide. What I didn't know was that I was hired by Trace and Sabastian Walker and that I would be a total surprise to their youngest brother, Dane, who had chosen to be a recluse ever since the plane crash that took his father and new step-mother's lives eight years before. When I first fell clumsily into Danes arms getting out of the limo that took me to his house, I could see that he still had a few scars from surgeries and some burns left over from the crash, but I could not control my physical response to his massive body that was

ripped, his sun kissed skin, his unruly jet-black hair and his unnerving chocolate brown stare. In response to my arguments for keeping my job, Dane grudgingly agreed to a trial period and I was determined to ignore the heat that sizzled between us. I could not afford to give in to a fling that would make it awkward to remain working for Dane, no matter how much I wanted to give in to my desire and the mesmerizing look in his eyes. The longer I worked for him, the closer we got, and the harder it was to remember that my life depended on keeping my distance. Deep down I knew that it would only be a matter of time before I gave in.
