The real question is whether Dalton Rev can outwit crooked cops and killer cliques in time to solve the mystery of "The Body" before it solves him. Sean Beaudoin (Going Nowhere Faster, Fade to Blue) evokes the distinctive voices of legendary crime/noir authors Dashiell Hammett and Jim Thompson with a little bit of Mean Girls and Heathers thrown in for good measure. "With evocative language, a shifting timeline and more than one unreliable narrator, Suma subtly explores the balance of power between the talented and the mediocre, the rich and the poor, the brave and the cowardly . . . To reveal more would be to uncover the bloody heart that beats beneath the floorboards of this urban-legend-tinged tale." —The New York Times *The Walls Around Us* is a ghostly story of suspense told in two voices—one still living and one dead. On the outside, there's Violet, an eighteen-year-old ballerina days away from the life of her dreams when something threatens to expose the shocking truth of her achievement. On the inside, within the walls of a girls' juvenile detention center, there's Amber, locked up for so long she can't imagine freedom. Tying these two worlds together is Orianna, who holds the key to unlocking all the girls' darkest mysteries: What really happened on the night Orianna stepped between Violet and her tormentors? What really happened on two strange nights at Aurora Hills? Will Amber and Violet and Orianna ever get the justice they deserve—in this life or in another one? PRAISE FOR THE WALLS AROUND US: "A gorgeously written, spellbinding ghost story." —Chicago Tribune "Unputdownable . . . the well-paced plot reveals guilt, innocence, and dark truths that will not stay hidden." —The Boston Globe "Suma excels in creating surreal, unsettling stories with vivid language, and this psychological thriller is no exception. Along the way, Suma also makes a powerful statement about the ease with which guilt can be assumed and innocence awarded, not only in the criminal justice system, but in our hearts—in the stories we tell ourselves. A fabulous, frightening read." —Booklist, starred review "The wholly realistic view of adolescents meeting the criminal justice system is touched at first with the slimmest twist of an otherworldly creepiness, escalating finally to the truly hair-raising and macabre. Eerie, painful and beautifully spine-chilling." —Kirkus Reviews, starred review "This haunting and evocative tale of magical realism immerses readers in two settings that seem worlds apart . . . Suma's unflinchingly honest depiction of the potentially destructive force of female friendship and skillful blending of gritty realism with supernatural elements is reminiscent of Laurie Halse Anderson's *Wintergirls*, and the eerie mood she evokes is unnervingly potent." —School Library Journal, starred review "In lyrical, authoritative prose, Suma weaves the disparate lives of [the] three girls into a single, spellbinding narrative that explores guilt, privilege, and complicity with fearless acuity. . . The twisting, ghostly tale of Ori's life, death, and redemption is unsettling and entirely engrossing." —The Horn Book Magazine, starred review "Gratifyingly disturbing . . . Suma craftily sets the two stories against one another, moving between Violet's fiercely grounded account and Amber's hauntingly destabilized one, enticing readers to figure out how the pieces go together." —Bulletin for the Center for Children's Books, starred review "Powerful . . . The compelling narrative, written in scintillating prose and featuring incredibly real characters, brings the two stories together in an explosive finale with a supernatural twist that results in a satisfying resolution." —VOYA, starred review "Gripping . . . Just try to put this down." —Shelf Awareness for Readers, starred review "A suspenseful tour de force, a ghost story of the best sort, the kind that creeps into your soul and haunts you." —Libba Bray, author of *The Diviners* and *A Great and Terrible Beauty* "Fearlessly imagined and deliciously sinister, *The Walls Around Us* is hypnotic, luring the reader deeper and deeper into its original, shocking narrative." —Michelle Hodkin, author of the *Mara Dyer* Trilogy "Written in luscious and deliciously creepy prose not easy to forget . . . This is a story about guilt and innocence, about secrets and how deep we let people into those places within us, and it's a story about how the past can define our present, even if we try desperately to keep that past under wraps. Put it on your radars now; this is an outstanding literary young adult novel more than worth the wait." —Book Riot #1 Spring 2015 Kids' Indie Next List Pick A Junior Library Guild Selection A New York lawyer remembers his boyhood in Nebraska and his friendship with a pioneer Bohemian girl. A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-

deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be. With many scholars and analysts questioning the relevance of deterrence as a valid strategic concept, this volume moves beyond Cold War nuclear deterrence to show the many ways in which deterrence is applicable to contemporary security. It examines the possibility of applying deterrence theory and practice to space, to cyberspace, and against non-state actors. It also examines the role of nuclear deterrence in the twenty-first century and reaches surprising conclusions. When your best friend is just a tiny bit psychotic, you should never actually believe him when he says, "Trust me. This is gonna be awesome." Of course, you probably wouldn't believe a voodoo doll could work either. Or that it could cause someone's leg to blow clean off with one quick prick. But I've seen it. It can happen. And when there's suddenly a doll of YOU floating around out there—a doll that could be snatched by a Rottweiler and torn to shreds, or a gang of thugs ready to torch it, or any random family of cannibals (really, do you need the danger here spelled out for you?)—well, you know that's just gonna be a really bad day ... "Jeff Strand is hilariously funny and truly deranged." —Christopher Golden, author of *When Rose Wakes* An unprecedented examination of how news stories, editorials and photographs in the American press—and the journalists responsible for them—profoundly changed the nation's thinking about civil rights in the South during the 1950s and '60s. Roberts and Klibanoff draw on private correspondence, notes from secret meetings, unpublished articles, and interviews to show how a dedicated cadre of newsmen—black and white—revealed to a nation its most shameful shortcomings that compelled its citizens to act. Meticulously researched and vividly rendered, *The Race Beat* is an extraordinary account of one of the most calamitous periods in our nation's history, as told by those who covered it. Told in dual narrative, *This Is My Brain in Love* is a stunning YA contemporary romance, exploring mental health, race, and, ultimately self-acceptance, for fans of *I Am Not Your Perfect Mexican Daughter* and *Emergency Contact*. Jocelyn Wu has just three wishes for her junior year: To make it through without dying of boredom, to direct a short film with her BFF Priya Venkatram, and to get at least two months into the year without being compared to or confused with Peggy Chang, the only other Chinese girl in her grade. Will Domenici has two goals: to find a paying summer internship, and to prove he has what it takes to become an editor on his school paper. Then Jocelyn's father tells her their family restaurant may be going under, and all wishes are off. Because her dad has the marketing skills of a dumpling, it's up to Jocelyn and her unlikely new employee, Will, to bring A-Plus Chinese Garden into the 21st century (or, at least, to Facebook). What starts off as a rocky partnership soon grows into something more. But family prejudices and the uncertain future of A-Plus threaten to keep Will and Jocelyn apart. It will take everything they have and more, to save the family restaurant and their budding romance. An uproarious celebration of zombie culture features the story of 17-year-old Nero, who is stranded in the wilderness with fellow juvenile delinquents when their counselors transform into flesh-eating maniacs. By the author of *You Killed Wesley Payne*. "[*This Is What We Do*] is...Atlas Shrugged jammed in reverse and with the tires smoked. It's Ayn Rand for people with a brain. And a gun. It's a kick. Read it." —Sean Beaudoin, author of *You Killed Wesley Payne* and *The Infects* James Nethery is at the end of his rope. Unable to find meaning in his comfortable life, he has cut himself off from everyone and fled to Paris. His mission; to rid himself of a lifetime of baggage, erase the past, and start over. He wanders Paris aimlessly until he meets Lily, a Ukrainian model and hooker. They form a unique bond, and together take the first steps toward writing new stories of their lives. Soon, Lily's past catches up with her and they are forced to go on the lam in a strange country. Together they must decide between justice and vengeance, and, when forced to take action, between what is too much—and not enough. *This Is What We Do* is part neo-noir thriller, part love story, and part cautionary tale of the perils of trying to write a new life from nothing—and the stories that will be written for you by others if you find yourself in the public eye. A "comprehensive and enlightening" study of Cormac McCarthy's literary influences, based on newly acquired archival materials (*Times Literary Supplement*). Though Cormac McCarthy once told an interviewer for the *New York Times Magazine* that "books are made out of books," he has been famously unwilling to discuss how his own writing draws on the works of other writers. Yet his novels and plays masterfully appropriate and allude to an extensive range of literary works, demonstrating that McCarthy is well aware of literary tradition, respectful of the canon, and deliberately situating himself in a knowing relationship to precursors. The Wittliff Collection at Texas State University acquired McCarthy's literary archive in 2007. In *Books Are Made Out of Books*, Michael Lynn Crews thoroughly mines the archive to identify nearly 150 writers and thinkers that McCarthy himself references in early drafts, marginalia, notes, and correspondence. Crews organizes the references into chapters devoted to McCarthy's published works, the unpublished screenplay *Whales and Men*, and McCarthy's correspondence. For each work, Crews identifies the authors, artists, or other cultural figures that McCarthy references; gives the source of the reference in McCarthy's papers; provides context for the reference as it appears in the archives; and explains the significance of the reference to the novel or play that McCarthy was working on. This groundbreaking exploration of McCarthy's literary influences—impossible to undertake before the opening of the archive—vastly expands our understanding of how one of America's foremost authors has engaged with the ideas, images, metaphors, and language of other thinkers and made them his own. *You Are Dead. From the author of the National Book Award finalist *Black Leopard*, *Red Wolf* and the WINNER of the 2015 Man Booker Prize for *A Brief History of Seven Killings* "An undeniable success." — *The New York Times Book Review* A true triumph of voice and storytelling, *The Book of Night Women* rings with both profound authenticity and a distinctly contemporary energy. It is the story of Lilith, born into slavery on a Jamaican sugar plantation at the end of the eighteenth century. Even at her birth, the slave women around her recognize a dark power that they- and she-will come to both revere and fear. The *Night Women*, as they call themselves, have long been plotting a slave revolt, and as Lilith comes of age they see her as the key to their plans. But when she begins to understand her own feelings, desires, and identity, Lilith starts to push at the edges of what is imaginable for the life of a slave woman, and risks becoming the conspiracy's weak link. But the real revelation of the book-the secret to the stirring imagery and insistent prose-is Marlon James himself, a young writer at once breathtakingly daring and wholly in command of his craft. In the sizzling new adventure from New York Times bestselling authors Sherrilyn Kenyon and Dianna Love, a red-hot BAD boy teams up with a sexy television reporter on an explosive quest for revenge. Saving the school -- one con at a time. "A political heist page-turner set in middle school? Is that even possible? Varian Johnson shows us how it's done." - Gordon Korman, author of SWINDLE "Do yourself a favor and start reading immediately." - Rebecca Stead, author of WHEN YOU REACH ME Jackson Greene swears he's given up scheming. Then school bully Keith Sinclair announces he's running for Student Council president, against Jackson's former friend Gaby de la Cruz. Gaby wants Jackson to stay out of it -- but he knows Keith has "connections" to the principal, which could win him the presidency no matter the vote count. So Jackson assembles a crack team: Hashemi Larijani, tech genius. Victor Cho, bankroll. Megan Feldman, science goddess. Charlie de la Cruz, reporter. Together they devise a plan that will take down Keith, win Gaby's respect, and make sure the election is done right. If they can pull it off, it will be remembered as the school's greatest con ever -- one worthy of the name THE GREAT GREENE HEIST. *The lively (and racially diverse) cast of characters and the intricate plot will make this a story to read again for the sheer fun of it all" - Horn Book, starred review Sophie Blue started wearing a black skirt and Midnight Noir lipstick on her last birthday. It was also the day her father disappeared. Or spontaneously combusted. Which is sort of bad timing, since a Popsicle truck with tinted windows has started circling the house. Kenny Fade is a basketball god. His sneakers cost more than his Jeep. He's the guy all the ladies (and their mommas) want. Bad. Sophie Blue and Kenny Fade don't have a thing in common. Aside from being reasonably sure they're losing their minds. Acclaimed author Sean Beaudoin's wildly innovative novel combines uproarious humor with enough plot twists to fill a tube sock. Part thriller, part darkly comic philosophical discussion, and accompanied by a comic book interstitial, Fade to Blue is a whip-smart romp that keeps readers guessing until the last paragraph. Visiting Martin Luther King, Jr. at the peak of the civil rights movement, the journalist William Worthy almost sat on a loaded pistol. "Just for self-defense," King assured him. One of King's advisors remembered the reverend's home as "an arsenal." Like King, many nonviolent activists embraced their constitutional right to self-protection—yet this crucial dimension of the civil rights struggle has been long ignored. In This Nonviolent Stuff'll Get You Killed, civil rights scholar Charles E. Cobb, Jr. reveals how nonviolent activists and their allies kept the civil rights movement alive by bearing—and, when necessary, using—firearms. Whether patrolling their neighborhoods, garrisoning their homes, or firing back at attackers, these men and women were crucial to the movement's success, as were the weapons they carried. Drawing on his firsthand experiences in the Southern Freedom Movement and interviews with fellow participants, Cobb offers a controversial examination of the vital role guns have played in securing American liberties. "Funny and propulsive" short stories blending black humor and sharply intelligent imagination (Sam Lipsyte, author of The Fun Parts). In twelve virtuosic stories, Sean Beaudoin trains his absurdist's eye on the ridiculous perplexities of adult life. From muddling through after the apocalypse ("Base Omega Has Twelve Dictates") to the knowing smirk of "You Too Can Graduate with a Degree in Contextual Semiotics," Beaudoin's stories are edgy and profane, bittersweet and angry, bemused and sardonic. Yet they're always tinged with heart. The author of Wise Young Fool, The Infects, and You Killed Wesley Payne follows in the tradition of Vonnegut and Saunders with "a deviously spellbinding collection of short stories," filled with playfulness, pathos, and a variety of young protagonists struggling to adapt to the bizarre and sometimes brutal world of adulthood (Garth Stein). "The character-driven tales are darkly comedic, filled with misfits like Primo and The Albatross, Danny and Steak, Sad Girl, Razr and Roy Boi, and Butterfly and Cher—characters so compelling that they are at once savage and powerless, redemptive and sardonic. . . . [They] fill the pages of Welcome Thieves, their complexities and frailties enough to recommend Beaudoin as a student and brilliant interpreter of human nature." —The Kansas City Star "Thrilling and mercilessly readable, the stories in Welcome Thieves go off like a string of firecrackers, sizzling and popping with a narrative velocity that is equal parts grit and polish. Beaudoin is definitely a writer to watch." —Jonathan Evison, author of This Is Your Life, Harriet Chance! The reader is provided evidence for ten courtroom cases, and must decide whether each defendant is guilty or innocent. When Germany occupied Hungary on March 19th, 1944, Erika Jacoby was deported to Auschwitz, together with her mother. She was among the youngest that escaped the selection of Dr .Mengele and together with her mother, who was among the oldest, she endured and outlasted the atrocities and deprivations of the Nazi persecutors. In her book she describes how the teachings and values that she absorbed and incorporated into her life in her home helped her survive Auschwitz and the other concentration camps. She writes movingly about her painful disappointments in the behavior of her fellow human beings, while never losing her faith in God. This unshakable trust in the divine personal protection inspired others as well not to give up hope. In her memoir we witness how this young girl took upon herself the enormous responsibility for her mother's survival, and the impact of that on their relationship after the war and, indeed, throughout their lives. The author, a clinical social worker, examines this relationship with much insight and compassion. This book is a remarkable account of one person's resiliency, ability to cope with adversity and survive not only physically but also spiritually. "Since its earliest days, flight has been about pushing the limits of technology and, in many cases, pushing the limits of human endurance. The human body can be the limiting factor in the design of aircraft and spacecraft. Humans cannot survive unaided at high altitudes. There have been a number of books written on the subject of spacesuits, but the literature on the high-altitude pressure suits is lacking. This volume provides a high-level summary of the technological development and operational use of partial- and full-pressure suits, from the earliest models to the current high altitude, full-pressure suits used for modern aviation, as well as those that were used for launch and entry on the Space Shuttle. The goal of this work is to provide a resource on the technology for suits designed to keep humans alive at the edge of space."--NTRS Web site. But while trying to solve the many mysteries of the case, Massu would unravel a plot of unspeakable deviousness. The main suspect, Dr. Marcel Petiot, was a handsome, charming physician with remarkable charisma. He was the "People's Doctor," known for his many acts of kindness and generosity, not least in providing free medical care for the poor. Petiot, however, would soon be charged with twenty-seven murders, though authorities suspected the total was considerably higher, perhaps even as many as 150. Petiot's trial quickly became a circus. Attempting to try all twenty-seven cases at once, the prosecution stumbled in its marathon cross-examinations, and Petiot, enjoying the spotlight, responded with astonishing ease. Soon, despite a team of prosecuting attorneys, dozens of witnesses, and over one ton of evidence, Petiot's brilliance and wit threatened to win the day. Drawing extensively on many new sources, including the massive, classified French police file on Dr. Petiot, Death in the City of Light is a brilliant evocation of Nazi-Occupied Paris and a harrowing exploration of murder, betrayal, and evil of staggering proportions. You want ninety? Fine, I'll give you ninety. I'll give them to you coming and going. Teen rocker Ritchie Sudden is pretty sure his life has just jumped the shark. Except he hates being called a teen, his band doesn't play rock, and "jumping the shark" is yet another dumb cliché. Part of Ritchie wants to drop everything and walk away. Especially the part that's serving ninety days in a juvenile detention center. Telling the story of the year leading up to his arrest, Ritchie grabs readers by the throat before (politely) inviting them along for the (max-speed) ride. A battle of the bands looms. Dad split about five minutes before Mom's girlfriend moved in. There's the matter of trying to score with the dangerously hot Ravenna Woods while avoiding the dangerously huge Spence Proffer--not to mention just trying to forget what his sister, Beth, said the week before she died. Acclaimed author Sean Beaudoin's latest offering is raw, razor-sharp, and genuinely hilarious.
